the part or component is to bypass, defeat, or render inoperative any device or element of design installed on or in a motor vehicle or motor vehicle engine (“Aftermarket Defeat Products”).

The United States will ask this Court to assess civil penalties against the Defendants and to enter a permanent injunction enjoining Defendants, and any individuals or entities acting in concert with them, from selling, offering for sale, or causing the sale or offering for sale of Aftermarket Defeat Products. ## **PRELIMINARY STATEMENT**

Plaintiff, the United States of America, on behalf of the United States Environmental Protection Agency (“EPA”), respectfully submits this memorandum of law and the accompanying declaration of Richard Kan, dated May 8, 2025 (“Kan Dec.”), in support of the United States’ motion for a default judgment assessing a civil penalty and imposing a permanent injunction to restrain Defendant Spectrum Wholesale Inc. and its principal, Thomas J. Ciccarelli, from selling, causing the sale of, offering to sell, or installing illegal devices and parts that interfere with motor vehicle emission controls. The Clerk of Court issued a Certificate of Default on March 18, 2025. DE No. 9. Defendants’ actions violate the Clean Air Act (“the Act”) and harm the public and the environment. As demonstrated below, the United States satisfies all of the elements of, and is entitled to, a permanent injunction. Additionally, the United States seeks a civil penalty to account for Defendants’ misconduct and to deter further violations of the Act.

## **STATEMENT OF FACTS<sup>1</sup>**

### **A. Description of Defendants and their Business Activities**

Defendant Spectrum Wholesale Inc. (“Spectrum”) is located in Oakdale and Bohemia, New York and is currently doing business as an unincorporated entity known as “Dieselology.” Kan Dec., ¶ 32. Defendant Thomas J. Ciccarelli (“Ciccarelli”) is a New York resident and the principal and owner of Spectrum and Dieselology. *Id.* ¶¶ 35, 62, 85.

Title II of the Act prohibits the sale, offer for sale, or installation of aftermarket defeat devices. *Id.* ¶ 11; 42 U.S.C. § 7522(a)(3)(B). Aftermarket defeat devices encompass both hardware and software products that are designed to remove, bypass, defeat, or otherwise render

<sup>1</sup> The relevant facts are more fully set forth in the declaration of Richard Kan and are repeated here for the Court’s convenience.

inoperative specific elements of vehicle and engine design and emissions controls that ensure vehicles comply with emissions standards as set forth by the Act (hereafter “Aftermarket Defeat Products”). Kan Dec., ¶ 28. From 2019 to 2021, Defendants sold hundreds of Aftermarket Defeat Products to consumers nationwide through an eBay account. *Id.* ¶¶ 38, 56, 59. Defendants continue to sell these devices through the website [www.dieselology.com](http://www.dieselology.com). *Id.* ¶¶ 36, 63-72. As further discussed below, removing, bypassing or disabling emission controls on motor vehicles causes significant harm to public health and the environment.

### **B. Statutory and Regulatory Background**

Congress enacted the Act due to the “mounting dangers to the public health and welfare” presented by motor vehicle emissions, among other sources. Compl. ¶ 13; 42 U.S.C. § 7401(a)(2). Congress sought “to protect and enhance the quality of the Nation’s air resources so as to promote the public health and welfare and the productive capacity of its population” and “to initiate and accelerate a national research and development program to achieve the prevention and control of air pollution.” *Id.*

Motor vehicle emissions negatively impact the health of people of all ages. For example, exposure to particulate matter (“PM”) and ozone is linked to respiratory and cardiovascular health effects as well as premature death. Kan Dec., ¶ 17. Carbon Monoxide (“CO”) is a toxic gas that causes headaches, vomiting, nausea, dizziness, loss of consciousness, and death. Kan Dec., ¶ 13. In 2001, the EPA’s Clean Air Act Scientific Advisory Committee concluded that diesel exhaust likely causes cancer among humans. Kan Dec., ¶ 18.

To ameliorate these concerns, the EPA has established National Ambient Air Quality Standards (“NAAQS”) for certain pollutants, including CO, nitrogen oxides (“NOx”), and PM, which are emitted from motor vehicles. Compl. ¶ 15; *see* 40 C.F.R. §§ 50.1-50.19. The Act strictly regulates these harmful motor vehicle emissions; original equipment manufacturers

(“OEMs” or “manufacturers”) must design motor vehicles and engines that conform to established emission standards for CO, NO<sub>x</sub>, non-methane hydrocarbons (“NMHCs”), PM, and other pollutants. 42 U.S.C. §§ 7521(a)(1), 7522(a)(1), 7525(a)(2); *see* 40 C.F.R. §§ 86.007-30(a)(1)(i), 86.1848-10(a)(1).

Under Section 202(m) of the Act, 42 U.S.C. § 7521(m), and its corresponding regulations, an onboard diagnostic (“OBD”) system is required to be installed on specified motor vehicles. Kan Dec., ¶ 21. This system identifies the deterioration or malfunction of emission-related systems, including, at a minimum, the catalytic converter and oxygen sensor. *Id.* The failure of these systems to operate properly may cause or result in a vehicle’s noncompliance with emission standards established under this Section of the Act. *Id.*

Pursuant to Section 206(a) of the Act, 42 U.S.C. § 7525(a), the EPA issues certificates of conformity (“COC”), which represent EPA’s approval of the introduction of emission-compliant motor vehicles or engines into United States commerce. Kan Dec., ¶ 22. The application to obtain a COC includes, among other things, a list of all auxiliary emission control devices (“AECDs”) installed on the vehicles. *Id.* ¶ 23. An AECD is “any element of design which senses temperature, vehicle speed, engine RPM (revolutions per minute), transmission gear, manifold vacuum, or any other parameter for the purpose of activating, modulating, delaying, or deactivating the operation of any part of the emission control system.” *Id.* ¶ 24; 40 C.F.R. §§ 86.082-2, 86.1803-01.

Manufacturers use specific hardware as emission controls to reduce the levels of regulated pollutants from being created or emitted into the air. Kan Dec., ¶ 26. For gasoline-fueled vehicles, these devices include exhaust gas recirculation (“EGR”) systems and catalytic converters. *Id.* For diesel-fueled vehicles, these devices include, but are not limited to, EGR

systems, diesel particulate filters (“DPFs”), and diesel oxidation catalysts (“DOCs”). *Id.* These systems are successful at reducing emissions of regulated pollutants; for example, DPFs can reduce PM emissions by up to 85 – 95% by collecting and removing soot from exhaust. *Id.* ¶ 27.

Unfortunately, some parties develop and sell Aftermarket Defeat Products that aim to alter, replace, or disable OEM-installed elements of design, including emission-related elements of design. Kan Dec., ¶ 28. These products include “race-pipes” or “delete pipes,” which replace factory-equipped exhaust pipes that contain emission control devices, and “tuners,” which override the vehicle’s OBD system and allow for the alteration of the elements of design governing an engine’s performance and emissions. Kan Dec., ¶¶ 29-30.

The principal effect of Aftermarket Defeat Products is to bypass, defeat, and/or render inoperative emission-related elements of design. *Id.* ¶¶ 28-30. These products can cause motor vehicles to emit hundreds, even thousands, of times more pollution than a vehicle with properly functioning emission-related elements of design. *Id.* ¶ 28. The sale of Aftermarket Defeat Products is explicitly prohibited under Section 203(a)(3)(B) of the Act, 42 U.S.C. § 7522(a)(3)(b). *Id.* ¶ 56.

### **C. Defendants’ Violation of the Act**

The EPA investigated the sale of Aftermarket Defeat Products on eBay and became aware of Defendants’ sale of these devices on that platform. *Id.* ¶ 37. Between October 18, 2019, and September 2, 2020, Spectrum sold 672 known Aftermarket Defeat Products on eBay, including, but not limited to: (1) DPF delete pipes for Ford, Nissan, and Chevrolet vehicles; (2) EGR delete cooler kits for Ford, Dodge, and Chevrolet vehicles; and (3) tuners and tuning devices. Kan Dec. ¶ 38. Defendants’ sale of 672 known Aftermarket Defeat Products as a third-party seller on eBay violated Section 203(a)(3)(b) of the Act, 42 U.S.C. § 7522(a)(3)(B).

On March 6, 2025, the United States served a subpoena on eBay, seeking, among other things, Defendants’ sales data and product listings from 2020 to 2021. Kan Dec., ¶ 59. eBay responded to the subpoena on April 11, 2025, and produced a spreadsheet showing additional sales of Aftermarket Defeat Products from September 3, 2020, through June 29, 2021. *Id.*, Ex. J (highlighting examples of Aftermarket Defeat Products in yellow).

**a. The EPA’s Initial Encounter with Defendants**

On December 10, 2021, using Spectrum’s corporate address in Oakdale, New York, EPA Region 2 sent Defendants an Information Request Letter (“IRL”) pursuant to Sections 114(a) and 208(a) of the Act, 42 U.S.C. §§ 7414 and 7542(a). *Id.* ¶ 39. On January 26, 2022, Kan called Ciccarelli to confirm that he had received the IRL, to which Ciccarelli stated that he had not received the letter. *Id.* ¶ 40. Despite this, the United States Postal Service (“USPS”) Certified Mail Green Card return receipt, with the handwritten surname “Ciccarelli,” was returned to the EPA Region 2 New York office located at 290 Broadway, New York, New York 10007 (“New York office”). *Id.* ¶ 41.

The EPA reissued the IRL to Defendants on January 31, 2022, but Defendants failed to respond to the IRL by the March 2, 2022 deadline. *Id.* ¶ 42. Then, on June 21, 2022, EPA sent Defendants a Notice of Violation Letter for Failure to Respond to the IRL (“Warning Letter”), pursuant to Section 208(a) of the Act, 42 U.S.C. § 7542(a). *Id.* ¶ 43. The Warning Letter was ultimately returned back to the EPA on August 1, 2022. *Id.* ¶ 45.

On June 28, 2023, the EPA sent another copy of the IRL to the Defendants, which was again returned on July 14, 2023 as “refused; unable to forward.” *Id.* ¶ 46. The EPA also sent a copy of the IRL and Warning Letter to Spectrum’s address (without a signature requirement), which was unclaimed and unreturned. *Id.* The EPA attempted to call Ciccarelli on July 6, 2023, but the call was not answered and there was no opportunity to leave a voice message. *Id.* ¶ 47.

The Department of Justice, U.S. Attorney’s Office, Eastern District of New York (“USAO”) attempted to serve the Warning Letter at Spectrum’s Oakdale, New York address on November 16, 2023, via a process server, but the Warning Letter was left with an individual who claimed Ciccarelli no longer lived at this address. *Id.* ¶ 48. The USAO mailed a duplicate copy on November 17, 2023, but on November 22, 2023, this copy was also returned to sender. *Id.* When an agent from the EPA’s Office of the Inspector General (“OIG”) visited the Oakdale address during the week of December 4, 2023, the two individuals present at the residence claimed to be Ciccarelli’s parents. *Id.* ¶ 49.<sup>2</sup> The parents reportedly did not know of Ciccarelli’s whereabouts. *Id.*

**b. Defendants’ Inadequate Response to the IRL**

Defendants retained counsel and their attorney requested, and then received, the IRL and Warning Letter via email on December 6, 2023. *Id.* ¶ 50. On January 3, 2024, the USAO had another call with Defendants’ attorney to obtain a response to the IRL and Warning Letter. *Id.* ¶ 51. The USAO subsequently sent follow-up emails on January 24, February 8, and February 28, 2024, to which Defendants’ attorney replied that he needed more time to respond as he was in the middle of a trial. *Id.* ¶ 52.

On March 22, 2024, the USAO sent another copy of the IRL to Ciccarelli’s attorney and required a response to the IRL no later than March 29, 2024. *Id.* ¶ 53. Defendants’ attorney sent a zip file to the USAO on April 1, 2024. *Id.* ¶ 54. The zip file contained 59 screenshots of approximately 2,600 emails that appear to be eBay confirmation emails for various items sold through Defendants’ online seller profile. *Id.* ¶ 54(a). Further, the emails also showed eBay sales from 2021, of which the EPA was not previously aware. *Id.* ¶ 54(b). Additionally,

---

<sup>2</sup> As of April 24, 2025, Spectrum is still registered with the New York State Department of State as conducting business from the same Oakdale, New York address. Kan Dec. ¶ 32, Ex. A.

Defendants’ IRL response failed to disclose the existence of their Dieselology.com website, operated by Defendants since some time in 2021. *Id.* ¶ 54(e). Thus, Defendants did not provide the EPA with the complete information required under the IRL. *Id.* ¶ 55. However, Defendants’ partial response demonstrates that they continued to sell Aftermarket Defeat Products on eBay in late 2020 and through most of 2021. *Id.* ¶ 56.

**c. Defendants’ Ongoing Violation of Title II of the Act**

In the course of preparing for this litigation, the EPA has been made aware of Defendants’ website [www.dieselology.com](http://www.dieselology.com), through which Defendants continue to sell, offer for sale, or cause the sale of Aftermarket Defeat Products. *Id.* ¶ 60. Dieselology claims to be a “one-stop shop for. . . diesel performance parts.” *Id.* ¶ 61 (internal quotations omitted). Despite its name, Dieselology’s connection to Defendants is evident from the website’s “accessibility statement,” which directly mentions Spectrum by name. *Id.* ¶ 61(a). Additionally, pleadings in a lawsuit captioned *The LCF Group, Inc. v. Spectrum Wholesale, Inc. D/B/A Spectrum Wholesale AKA Dieselology and Thomas Ciccarelli*, Index No. 607262/2024 (Supreme Ct., Nassau County), and records obtained by the United States through a subpoena issued to the LCF Group, Inc.<sup>3</sup> show that Dieselology is a d/b/a for Spectrum and that Ciccarelli operates these entities. *Id.* ¶¶ 62, 81-85, Exs. K1-K4.

As of May 6, 2025, approximately seventeen “delete kit” products, five “tuning” products, and fifty-three “race” products were listed for sale on Dieselology.com. *Id.* ¶ 63. These hardware products replace factory-equipped exhaust pipes that contain emission control devices, enabling the physical removal of a motor vehicle’s OBD sensors, EGR systems, or DPFs. *Id.* ¶ 29. *Id.*

---

<sup>3</sup> The LCF Group (Last Chance Funding) is a business funding entity from which Defendants obtained business financing, and then allegedly defaulted. Kan Dec, ¶¶ 62, 81-86.

All seventeen of the “delete kit” products, all five of the “tuning” products, and forty-five of the “race” product listings contain a “consumer notification and disclaimer of liability” statement, which informs the potential buyer that the product is not legal for sale or use on vehicles that are driven on public streets, roads, or highways. *Id.* ¶ 64. The disclaimer states that the use of these products is a “violation of federal and certain state (including California) and local environmental laws[.]” *Id.* However, under the Act there is no “race-only” or “competition only” exemption from emission standards for motor vehicles or motor vehicle engines. For an EPA-certified motor vehicle, the Act prohibits aftermarket parts or services that remove, bypass or override required controls. *Id.* ¶ 65. If anything, by including this disclaimer on the website, Defendants are demonstrating actual knowledge that their Aftermarket Defeat Device products are illegal.

Consumers using Dieselology.com can add various “delete” and “race” Aftermarket Defeat Products that Defendants offer for sale into a virtual cart and can proceed to the online checkout page where payment via credit cards can be made. *Id.* ¶ 73. Search results showing Aftermarket Defeat Products include listing dates indicating that they were posted between 2021 and 2024. *Id.* ¶ 73, Ex. L (see last page of exhibit three “Related” items highlighted at the bottom of the product listing).

Defendants’ pattern of ignoring the EPA’s enforcement efforts, and continuing the sale or offering for sale of Aftermarket Defeat Products, puts the health of the public at risk, particularly for children, the elderly, and individuals with respiratory issues. *Id.* ¶ 74.

#### **D. Procedural History**

On January 8, 2025, the United States filed its Complaint against Defendants, which was personally served on Defendants on January 14, 2025. Docket Entry (“DE”) Nos. 1, 5. Defendants’ answer was due in 21 days, on February 4, 2025. Defendants have failed to appear

and have not filed a response to the Complaint. The Clerk of Court issued a Certificate of Default on March 18, 2025. DE No. 9. The United States now seeks a default judgment for a permanent injunction and civil penalties, as described in Section II below.

## **ARGUMENT**

### **I. STANDARDS FOR INJUNCTIVE RELIEF AND CIVIL PENALTIES**

#### **a. Injunctive Relief**

To obtain permanent injunctive relief, a plaintiff must satisfy a four-factor test: “(1) that it has suffered an irreparable injury; (2) that remedies available at law, such as monetary damages, are inadequate to compensate for that injury; (3) that, considering the balance of hardships between the plaintiff and defendant, a remedy in equity is warranted; and (4) that the public interest would not be disserved by a permanent injunction.” *eBay v. MercExchange, LLC*, 547 U.S. 388, 391 (2006). “The requirements for a permanent injunction are essentially the same as for a preliminary injunction, except that the moving party must demonstrate actual success on the merits.” *New York Civil Liberties Union v. New York City Transit Authority*, 684 F.3d 286, 294 (2d Cir. 2012) (internal citations omitted).

#### **b. Civil Penalties**

The Act governs the assessment of civil penalties and states that any person who violates 42 U.S.C. § 7522(a)(3)(B) shall be subject to civil penalties. 42 U.S.C. § 7524(a). Each part or component that violates the Act represents a separate offense against 42 U.S.C. § 7522(a)(3)(B). *Id.*

In determining the civil penalty to be assessed under this subsection, the court “shall take into account” the following factors: (1) “the gravity of the violation”; (2) “the economic benefit or savings (if any) resulting from the violation”; (3) “the violator’s history of compliance with

this subchapter”; (4) “action taken to remedy the violation”; (5) “the effect of the penalty on the violator’s ability to continue in business”; and (6) “such other matters as justice may require.”

42 U.S.C. § 7524(b). “[W]hen imposing penalties under the environmental laws, courts often begin by calculating the maximum possible penalty, then reducing that penalty only if mitigating circumstances are found to exist.” *United States v. Marine Shale Processors*, 81 F.3d 1329, 1337 (5th Cir. 1996). Thus, “[c]ourts usually calculate a fine under the CAA by starting with the maximum penalty” before considering the factors listed above to determine if any mitigation of the maximum fine is appropriate. *United States v. Dell’Aquila*, 150 F.3d 329, 339 (3d Cir. 1998).

## **II. THE UNITED STATES HAS DEMONSTRATED SUCCESS ON THE MERITS AND IS ENTITLED TO A DEFAULT JUDGMENT IMPOSING INJUNCTIVE RELIEF AND CIVIL PENALTIES.**

### **a. The Court Should Enter a Default Judgment.**

The Court may enter default judgment against a party that has failed to plead or otherwise defend where the Plaintiff seeks relief that goes beyond a sum certain. Fed. R. Civ. P. 55(b)(2). Here, the United States personally served Defendants, Defendants have failed to plead or otherwise defend, and the Clerk has duly entered their default on the docket pursuant to FRCP 55(a). See DE 9. The United States therefore respectfully requests that the Court enter default judgment against the Defendants imposing the injunction described herein and an appropriate civil penalty.

### **b. Defendants’ Repeated and Ongoing Violations of the Act Demonstrate a Compelling Need for Injunctive Relief.**

Section 203(a)(3)(B) of the Act forbids the sale of Aftermarket Defeat Products. 42 U.S.C. § 7522(a)(3)(B). Under Section 204(a) of the Act, district courts of the United States are authorized to restrain violations of Section 203(a)(3)(B). *Id.* § 7523(a). Sections 205(a)–(b) of

the Act also authorize the Administrator to commence a civil action to recover civil penalties for each violation of Section 203(a)(3)(B). *Id.* § 7524(a)–(b). The maximum daily civil penalty amounts under Section 203(a)(3)(B) of the Act are adjusted for inflation to \$5,911 for violations that occurred after November 2, 2015, for which penalties are assessed on or after January 8, 2025. *Id.* § 7524(a); 40 C.F.R. § 19.4; 90 Fed. Reg. 1378 (January 8, 2025).

The statute makes clear that any violation of the Act or its corresponding regulations is, *per se*, unlawful. As discussed above, Defendants have sold 672 illegal Aftermarket Defeat Products between October 18, 2019, and September 2, 2020. Kan Dec., ¶ 38. Of these 672 illegal products, 223 were Aftertreatment Defeat Products, 119 were EGR Defeat Products, and 330 were Tunes/Tuners. Kan Dec., ¶ 38. Defendants’ products contained information and descriptions that claimed that the products’ primary effect was to disable, defeat, or render inoperative emission-related elements of design installed in motor vehicles. *Id.*

As a result of their illegal conduct, Defendants’ have violated the Act hundreds of times while selling Aftermarket Defeat Products on eBay and by continuing to sell such products through Dieselology.com. What’s worse, after years of dodging the EPA, Defendants have ignored this entire judicial proceeding while continuing their illicit conduct, knowingly flooding the marketplace with Aftermarket Defeat Products. Accordingly, the United States has demonstrated success on the merits, and clear public harm, based on Defendants’ repeated violations and their ongoing nature. Consequently, prompt and comprehensive injunctive relief is needed.

We respectfully ask that this Court: (1) rule that Defendants sold or caused the sale of, offered to sell, and continue to offer for sale, Aftermarket Defeat Products in violation of Section 203(a)(3)(B) of the Act, 42 U.S.C. § 7522(a)(3)(B); (2) permanently enjoin Defendants from

selling, offering to sell, or causing the sale or offering for sale of vehicle parts whose principal effect is to bypass, defeat, or render inoperative any device of Element of Design installed on a motor vehicle; and (3) order Defendants to take other appropriate actions to remedy the harm caused by its violations of the Act, including, but not limited to, removing Aftermarket Defeat Products from Defendants' website Dieselology.com and any other website where it lists Aftermarket Defeat Products for sale.<sup>4</sup>

**c. Defendants' Disregard for the Law and the Judicial Process Warrants Significant Civil Penalties.**

Since the end of 2021, Defendants have repeatedly sidestepped requests for information from the EPA. Kan Dec., ¶¶ 41-74. Not only have Defendants failed to provide the EPA with complete information required to be submitted pursuant to the IRL issued under Sections 208 and 114 of the Act, 42 U.S.C. §§ 7542 and 7414, they have continued to sell, offer to sell, or cause the sale of Aftermarket Defeat Products. *Id.* ¶ 73-74. Defendants' disregard for the law and these judicial proceedings warrants the assessment of significant civil penalties.

Considering the statutory factors that are applied for assessing civil penalties under the Act, Defendants have, for a period of over five years, repeatedly violated the Act through the sale, and offering for sale, of Aftermarket Defeat Products through both third-party and personal websites. Defendants have economically benefited from the sale of these illegal products, and EPA estimates that Defendants' economic benefit is at least \$25,264, based only on the 672 illegal sales described above. Kan Dec., ¶ 79. Defendants' actual economic benefit is in fact significantly greater based on the hundreds of additional sales on eBay of known Aftermarket Defeat Products that were discovered after filing the Complaint. *Id.* Further, Defendants have made no meaningful attempts to comply with any legal proceedings. Defendants' violations are

of a significant gravity, causing harm against not only the public at large, but also to vulnerable populations, such as children, the elderly, and those with respiratory conditions. Civil penalties are thus required to deter Defendants and others from violating the Act.

In assessing an appropriate penalty, and notwithstanding all of the above aggravating factors, the United States has considered that Defendants likely have limited financial resources, and that a large penalty may have significant impacts on Defendants' business operations.<sup>5</sup> Kan Dec., ¶ 87. Notably, Spectrum is a sole-proprietor operated business that has taken on significant debt and attendant liabilities by entering into risky loans and financing instruments. *Id.* ¶¶ 81-86. With respect to financing that Defendants obtained through the LCF Group, on March 18, 2025, the LCF Group prevailed in a lawsuit enforcing an arbitration award of \$154,052.49, plus interest, based on Defendants' default on payments due under their financing agreement. Kan Dec., ¶¶ 81, 86. Further, the United States is not aware of significant financial or physical assets, or real estate owned by Defendants.

Nevertheless, Defendants' financial situation is not unusual, and accountability and deterrence are still important. Defendants in this action have ignored the Act, the EPA, and indeed this Court.

The statutory maximum penalty for just the 672 known violations is approximately \$3.97 million.<sup>6</sup> The United States believes that a civil penalty within the range of \$237,000 and

---

<sup>5</sup> Based on the evidence obtained in its investigation, the United States does not contend that all of Defendants' sales are Aftermarket Defeat Products. In some instances, Defendants sell other auto products.

<sup>6</sup> There are a limited number of Aftermarket Defeat Product cases brought under the Act where a Court or the EPA assessed civil penalties in the context of a default judgment or judgment after trial. The following cases are provided for the Court's reference and potential consideration: *United States v. DieselOps LLC et al.*, 2:21-cv-12928, 2022 WL 4007309 (E.D.Mich. August 29, 2022) (\$10,000,000 civil penalty default judgment); *Matter of Greasy Greg's*, Dkt. CAA-10-2022-0123 (2022 EPA default order for \$25,000 civil penalty), accessible at <https://www.epa.gov/system/files/documents/2023-04/greasygregsetal.pdf>; *Matter of Freedom Performance, LLC*, Dkt. CAA-HQ-2019-8362 (2020 EPA default order for over \$7 million in civil penalties), accessible at <https://www.epa.gov/sites/default/files/2020-03/documents/freedomperformance-initialdecisionandpenaltyorder.pdf>; *Matter of Spartan Diesel Technologies LLC*, Dkt. CAA-HQ-2017-8362 (2018 EPA default order for over \$4.1

\$573,000 would appropriately address Defendants' noncompliance with the Act, considering the statutory factors, including the effect of the penalty on the violator's ability to continue in business. Accordingly, the United States recommends that the court consider the Defendants' ability to pay and order an appropriate penalty based on the court's analysis and that reasonable penalty range.

### **CONCLUSION**

Based on the foregoing, the United States is entitled to a permanent injunction restraining Defendants from continuing the sale of Aftermarket Defeat Products in violation of the Act and the assessment of civil penalties against Defendants, together with such other relief as appears just and proper.

**DECLARATION OF RICHARD KAN  
IN SUPPORT OF THE UNITED STATES’  
MOTION FOR A DEFAULT JUDGMENT,  
PERMANENT INJUNCTION, AND CIVIL PENALTIES**

Richard Kan, of full age, and pursuant to 28 U.S.C. § 1746, declares the following, under penalty of perjury:

1. I am an Enforcement Officer in the Air Compliance Branch (“ACB”) within the Enforcement and Compliance Assurance Division of the United States Environmental Protection Agency, (“EPA”) Region 2 office.
2. I hold a Bachelor of Science degree in Bioengineering from the State University of New York, Binghamton University.
3. I have been employed with the EPA for 17 years and have worked in the Air Compliance Branch since 2007.
4. During the course of my duties with the ACB, I have completed numerous professional training courses relevant to Clean Air Act (“CAA” or the “Act”) compliance inspections and compliance determinations. I have significant training and experience specifically

identifying illicit aftermarket “defeat devices” that are intended to disable or bypass required emission control systems for cars, trucks and other motor vehicles.

5. I am a CAA Enforcement Officer credentialed to conduct vehicle & engine inspections. To become a credentialed vehicle & engine inspector, over the years I have completed mandatory training courses provided by the EPA's Office of Civil Enforcement's Air Enforcement Division. I have also completed a mandatory self-study covering the emission control requirements for various types of mobile combustion engines, which included CAA Section 203 – “Prohibited acts,” CAA Section 205 – “Civil penalties,” and, among other mobile sources regulations, 40 C.F.R. Part 85 – “Control of Air Pollution from Mobile Sources,” and 40 C.F.R. Part 1068 – “General Compliance Provisions for Highway, Stationary, and Nonroad Programs.” Lastly, I have completed mandatory on-the-job trainings, which included reviewing CAA vehicle & engine inspection reports, accompanying other experienced credentialed inspectors on CAA vehicle & engine inspections, and leading my own CAA vehicle & engine inspections.
6. During my employment with the EPA, I have conducted over 25 investigations/inspections relating to compliance with, and violations of, the laws and regulations pertaining to motor vehicles and motor vehicle engines, including associated emission control systems and CAA emission standard certifications.
7. This declaration is based upon my familiarity with, and personal review of, the documents and other available information related to Spectrum Wholesale Inc.'s and Thomas J. Ciccarelli's (together “Defendants”) sales, and offers for sale, of aftermarket motor vehicle defeat devices; my involvement with the EPA's enforcement program; and my familiarity with the attached exhibits, all of which are true and accurate copies of the originals.

8. The EPA, Region 2, supplied the majority of the records supporting this motion.
9. These records were provided to me in the course of my regular duties at the EPA. The records were made by persons with knowledge of the events at or near the time of the events and so are trustworthy.
10. I submit this declaration in support of the United States' motion for a default judgment, including civil penalties and a permanent injunction to halt and prevent Defendants from continuing to sell, and offering to sell, aftermarket motor vehicle defeat devices in violation of federal law and regulations.

**Background of the Clean Air Act  
and the Public Health Effects of Regulated Vehicle Emissions**

11. Title II of the CAA establishes Emissions Standards for Moving Sources, including a prohibition on activities related to the sale, offer for sale, or installation (or causing any of the foregoing acts) of aftermarket defeat devices, 42 U.S.C. § 7522(a)(3)(B).
12. Title II of the CAA aims to reduce emissions from motor vehicles and engines, including but not limited to carbon monoxide ("CO"), nitrogen oxides ("NOx"), particulate matter ("PM"), and nonmethane hydrocarbons ("NMHCs").
13. CO is a poisonous gas that forms when the carbon in fuel does not burn off completely. CO is harmful because it reduces oxygen delivery to the body's organs and tissues. It is most harmful to those who suffer from heart and respiratory disease. High CO pollution levels also affect healthy people. Symptoms may include visual impairment, headache, and reduced work/productive capacity.
14. NOx consists of a group of highly reactive gases that form when fuel burns at high temperatures. NOx can travel long distances, causing a variety of health and environmental problems in locations far from their emission sources. These problems include the

formation of ground-level ozone, a separately regulated air pollutant and component of smog. NO<sub>x</sub> reacts with volatile organic compounds (“VOCs”) in the presence of sunlight to produce ground-level ozone, particularly during the summer months.

15. Breathing in ozone can trigger a variety of health problems, including chest pain, coughing, throat irritation, congestion, difficulty breathing, lung damage, and reduced cardiovascular functioning. Ozone can also worsen bronchitis, emphysema, and asthma. Children and the elderly are at the greatest risk of experiencing negative health impacts from exposure to ozone pollution.
16. NO<sub>x</sub> also contributes to the formation of secondary PM through chemical reactions in the atmosphere, forming particles smaller than 10 micrometers in diameter. These smaller PM particles more easily penetrate the lungs and enter the blood stream, and can cause serious public health problems affecting the cardiovascular system.
17. PM from diesel exhaust has also been linked to a range of serious health problems, like increased risk of lung cancer and respiratory disease.
18. In 2001, the EPA’s Clean Air Scientific Advisory Committee concluded that diesel exhaust is likely carcinogenic to humans.<sup>1</sup>
19. PM from motor vehicle exhaust can trigger asthma, difficult or painful breathing, and chronic bronchitis (especially affecting children and the elderly), and cardiovascular episodes including higher risk of heart attack and stroke, and premature mortality.
20. NMHC emissions result from incomplete fuel combustion and fuel evaporation. NMHCs are also a precursor to ground-level ozone formation, a harmful air pollutant particularly in populated areas across the United States. As with the interaction between NO<sub>x</sub> and

VOCs, ground-level ozone is formed by reactions involving hydrocarbons and NO<sub>x</sub> in the presence of sunlight, causing the health problems described in Paragraph 15, above. Many NMHC compounds are also considered toxic, meaning they can cause cancer or other serious health problems.

### **Clean Air Act Provisions Regarding Required Emission Control System**

21. Under Section 202(m) of the Act, 42 U.S.C. § 7521(m), and its implementing regulations, an onboard diagnostic (“OBD”) system must be installed on specified motor vehicles, with the capacity to accurately identify emission-related systems deterioration or malfunction, including, at a minimum, the catalytic converter and oxygen sensor, which could cause or result in failure of the vehicles to comply with emission standards established under this section, and to alert the vehicle’s owner or operator to the likely need for emission-related components or systems maintenance or repair.
22. Pursuant to Section 206(a) of the CAA, 42 U.S.C. § 7525(a), the EPA issues certificates of conformity (“COCs”), by which it approves the introduction of motor vehicles or motor vehicle engines into United States commerce.<sup>2</sup> The COC program ensures that vehicles are designed and built to meet applicable emissions standards for the duration of their useful life.
23. To obtain a COC, a vehicle manufacturer must apply to the EPA for each engine family or test group of vehicles that it intends to put into United States commerce. The COC application must include, among other things, a list of all auxiliary emission control devices (“AECDs”) installed on the vehicles.<sup>3</sup>

---

<sup>2</sup> 42 U.S.C. § 7525(a).

<sup>3</sup> 40 C.F.R. §§ 86.094-21(b)(1)(i)(A), 86.1844-01(d)(11).

24. An AECD is “any element of design which senses temperature, vehicle speed, engine RPM [revolutions per minute], transmission gear, manifold vacuum, or any other parameter for the purpose of activating, modulating, delaying, or deactivating the operation of any part of the emission control system.”<sup>4</sup>
25. An “Element of design” means “any control system (*i.e.*, computer software, electronic control system, emission control system, computer logic), and/or control system calibrations, and/or the results of systems interaction, and/or hardware items on a motor vehicle or motor vehicle engine.”<sup>5</sup>
26. Manufacturers use specific hardware as emission controls to reduce the levels of regulated pollutants from being created or emitted into the ambient air. For gasoline-fueled motor vehicles, these devices include exhaust gas recirculation (“EGR”) systems and catalytic converters. For diesel-fueled motor vehicles, these devices include, but are not limited to: EGR systems, diesel particulate filters (“DPF”), and diesel oxidation catalysts (“DOCs”).
27. These emission controls greatly reduce the regulated pollutants from being emitted into the air. For example, DPFs can reduce PM by up to 85 - 95% by collecting soot from exhaust. Additionally, an EGR system recirculates exhaust gas through an engine’s combustion chamber, lowering the combustion temperature, and reducing the amount of NOx generated from fuel combustion by up to 80%.
28. Aftermarket defeat device products (“Aftermarket Defeat Products”) include both hardware and software products that are designed to remove, bypass, defeat, or render inoperative the elements of vehicle and engine design and emissions controls that manufacturers use to meet emission standards. EPA testing of Aftermarket Defeat Products

comparable to those sold by Defendants shows that a single defeat device or “delete” can increase emissions of the various pollutants from a certified vehicle by hundreds of times, and in some cases, by more than a thousand times.<sup>6</sup>

29. Hardware products like “race-pipes” or “delete pipes” replace factory-equipped exhaust pipes that contain emission control devices, enabling the physical removal of a motor vehicle’s OBD sensors, EGR systems, or DPFs.
30. Other hardware products include “tuners,” which are designed to alter the elements of design governing an engine’s performance and emissions by overriding the vehicle’s OBD system. Tuners do this by plugging into the OBD port and overriding, erasing, or reprogramming the emission-related electronic control modules (“ECMs”) with software or electronic files known as “tunes.”
31. According to the January 19, 2001, Advisory Circular, No. 24-3: *Implementation of Requirements Prohibiting Defeat Devices for On-Highway Heavy-Duty Engines*, all modern motor vehicles are equipped with ECMs. ECMs continuously monitor engine and other operating parameters and control the emission control devices, such as the engine fueling strategy.

### **Defendants**

32. Defendant Spectrum Wholesale, Inc. (“Spectrum”) is a New York domestic business corporation, located in Oakdale, New York,<sup>7</sup> that is currently doing business online as an unincorporated entity “Dieselology” to sell, and offer for sale, automotive parts, including

<sup>6</sup> See <https://www.epa.gov/enforcement/national-enforcement-and-compliance-initiative-stopping-aftermarket-defeat-devices>.

<sup>7</sup> According to the New York State Department of State, Division of Corporations’ online portal, Spectrum is still an active corporation and Oakdale, NY is its city of incorporation. However, Defendants have also used an address in Bohemia, New York to conduct business.

prohibited defeat devices. An April 24, 2025 public inquiry to the New York State Department of State website, attached hereto as Exhibit A, lists 70 Cross Road, Oakdale, NY 11769 as the official corporate address for Defendant Spectrum.

33. Spectrum was incorporated in Suffolk County, New York, on November 13, 2014.
34. Spectrum remains an active domestic business corporation registered with the New York State Department of State (“DOS”). Spectrum’s DOS ID# is 2398259.
35. Defendant Thomas J. Ciccarelli, (“Ciccarelli”) is a New York resident, the principal of Spectrum, and, based on available documentation I reviewed (see, e.g., Paragraph 85 of this declaration), is its sole owner.
36. Information obtained by the EPA indicates that from approximately 2019 through 2021, Ciccarelli/Spectrum sold hundreds of defeat devices to consumers across the country through his Spectrum eBay account. Recent information reviewed by EPA indicates that Ciccarelli and Spectrum are currently offering for sale, and continue to sell, defeat devices through the website [www.dieselology.com](http://www.dieselology.com).<sup>8</sup>

#### **EPA’s First Encounter with Defendants**

37. As a result of EPA’s investigation of defeat device sales on the eBay platform, EPA Headquarters became aware of Spectrum’s eBay account and Defendants’ actual sales of known defeat devices. EPA began tracking Defendants’ sales, using information obtained from eBay, and then logging it in the EPA’s Aftermarket Database.
38. The information from eBay showed that between October 18, 2019, and September 2, 2020, Spectrum sold 672 known defeat devices as a third-party seller on eBay, including but not limited to: (1) DPF delete pipes for several models of Ford, Nissan, and Chevrolet

---

<sup>8</sup> See Paragraphs 60 – 74, below.

vehicles, (2) EGR delete cooler kits for a variety of Ford, Dodge, and Chevrolet model vehicles, and (3) tuners/tuning devices. Of these 672 defeat device products, 223 were aftertreatment defeat devices, 119 were EGR defeat devices, and 330 were tunes/tuners. Defendants' products contained information and descriptions that claimed that the products' primary effect was to disable, defeat, or render inoperative emission-related elements of design installed in motor vehicles. A true and correct copy of the eBay records for these Spectrum sales, which was obtained in the regular course of business and includes eBay's signed Statement of Certification with respect to these records, is attached hereto as Exhibit B.<sup>9</sup>

39. On December 10, 2021, after consulting with the EPA Office of Enforcement and Compliance Assurance ("OECA"), EPA Region 2 sent Defendants an Information Request Letter ("IRL") pursuant to Sections 114(a) and 208(a) of the CAA. A true and correct copy of the IRL is attached hereto as Exhibit C. The IRL was sent to Spectrum's corporate address in Oakdale, New York, which was, and remains, the address on file with the New York Secretary of State.
40. On January 26, 2022, I called Ciccarelli to confirm that he had received the IRL. During the January 26, 2022, phone conversation, Ciccarelli told me that he had not received the IRL.
41. However, on December 15, 2021, the United States Postal Service ("USPS") Certified Mail Green Card return receipt was returned with an agent's signature, to the EPA Region 2

---

<sup>9</sup> This is a list of Aftermarket Defeat Product sales by Spectrum using the eBay website. The list was compiled by Eastern Research Group (ERG), EPA's contractor, using the data obtained by eBay through a CAA information request issued pursuant to CAA Section 208(a). The presented exhibit is a version of the data provided by eBay and sorted by ERG and has been truncated by hiding empty columns and columns with less relevant information so that the relevant information can fit on the page.

New York office located at 290 Broadway, New York, New York 10007 (“New York office”). A true and correct copy of the USPS Certified Mail green Card return receipt is attached hereto as Exhibit D.

42. On January 31, 2022, the EPA re-issued the IRL to Defendants. Defendants were required to respond to the IRL by March 2, 2022. However, Defendants failed to respond.
43. On June 21, 2022, the EPA sent Defendants a Notice of Violation Letter for Failure to Respond to the IRL (“Warning Letter”), pursuant to Section 208 of the CAA, 42 U.S.C. § 7542(a). A true and correct copy of the Warning Letter is attached hereto as Exhibit E.
44. The Warning Letter informed Defendants that they were in violation of Section 203(a)(2) of the CAA, 42 U.S.C § 7522(a)(2), for failure to respond to the IRL. The Warning Letter also noted, pursuant to Section 208(a) of the CAA, that Defendants were required to:
  - a. maintain all records, or reports in their possession, custody, or control related to the manufacture, sale, offering for sale, or installation by them of any part or component, including any product, that changes, affects, bypasses, defeats, replaces, or renders inoperative any device or element of design related to vehicle or engine emissions.
45. On July 25, 2022, the USPS tracking listed the June 21, 2022 Warning Letter as “Unclaimed” and that it was being “returned to sender.” On August 1, 2022, the EPA received the returned Warning Letter.
46. On June 28, 2023, the EPA sent another copy of the IRL to Defendants, which came back to the EPA’s Region 2 office on July 14, 2023 as “refused; unable to forward.” Exhibit F. As part of this June 28, 2023 mailing attempt, the EPA simultaneously mailed a second copy of the IRL and Warning Letter to Defendants’ Oakdale, NY address, which did not request a signature. This second copy of the IRL and Warning Letter was not sent back to the EPA’s New York office.

47. On July 6, 2023, EPA staff made another attempt to call Ciccarelli on the phone, to no avail; the call was not answered and there was no option to leave a voice message.
48. On November 16, 2023, the Department of Justice (“DOJ”), through the U.S. Attorney’s Office, Eastern District of New York (“USAO-EDNY”) attempted to serve the Warning Letter at Defendants’ Oakdale, NY address via a process server. The process server left the Warning Letter with an individual at the address who claimed that Ciccarelli no longer lived there. The USAO-EDNY sent a duplicate copy of the Warning Letter via FedEx, which was delivered on November 17, 2023; this copy of the Warning Letter was later mailed back to the USAO-EDNY offices on November 22, 2023.
49. On or around the week of December 4, 2023, an agent from the EPA’s Office of the Inspector General (“OIG”) visited the Oakdale, NY address and spoke with the two individuals present at the residence. These individuals claimed to be Ciccarelli’s parents and further alleged that not only does their son no longer reside with them at that address but that they had a falling out, have not spoken to him in years, and do not know where he currently lives.

#### **Defendants Inadequate Response to the IRL**

50. On December 6, 2023, the USAO-EDNY spoke on the phone with an attorney, Jason Russo, claiming to represent Ciccarelli in connection with this matter. During that call, Ciccarelli’s attorney asked for copies of the IRL and Warning Letter, which the USAO-EDNY sent via email that same day.
51. On January 3, 2024, the USAO-EDNY had another call with Ciccarelli’s attorney to try to obtain a response to the IRL and Warning Letter.

52. The USAO-EDNY sent follow up emails to Ciccarelli's attorney on January 24, February 8, and February 28, 2024. Ciccarelli's attorney replied on February 28, 2024, requesting more time to respond as he was in the middle of a trial.
53. On March 22, 2024, the USAO-EDNY spoke with Ciccarelli's attorney and sent another a copy of the IRL, by email. The email from the USAO-EDNY instructed Ciccarelli's attorney to have his client respond to the IRL no later than March 29, 2024.
54. On April 1, 2024, the USAO-EDNY received a zip file from Ciccarelli's attorney as a partial response to the IRL. The email transmittal for this submittal is attached hereto as Exhibit G. On April 3, 2024, the USAO-EDNY shared these files with the EPA.
- a. These zip files contained approximately 59 images or screenshots of Ciccarelli's Gmail inbox. These images show approximately 2,600 emails filtered by the label "Charles and Jason." These emails consisted of eBay confirmation emails for various items sold through Defendants' online eBay seller profile. However, these emails were not limited to Defendants' sale of suspected Aftermarket Defeat Products, as required by the IRL.
  - b. These emails also show eBay sales for 2021, which the EPA did not previously know about from its tracked information in the EPA Headquarters database. The EPA received no additional information about these 2021 sales from Defendants.
  - c. Further, Defendants' partial IRL response did not include invoices, or purchaser information, as required by the IRL.
  - d. Additionally, Defendants' partial IRL response did not include information concerning Defendants' business structure, including, but not limited to an

organizational chart showing affiliated individuals and entities, as required by the IRL.

- e. Notably, Defendants' partial IRL response failed to disclose the existence of the Dieselology website, and did not provide any data regarding the marketing, offering for sale, or sale of Aftermarket Defeat Products through Dieselology.
  - f. Defendants' partial IRL response also failed to identify the locations at which Defendants were conducting business, including locations where products were shipped or received.
  - g. Defendants also did not respond to the IRL's request that if Defendants indicate that an Aftermarket Defeat Product is for testing, maintenance, racing, off-road, or other restricted use, they must provide a detailed description of the mechanisms, if any, Defendants have implemented to ensure that the component is only used for such purposes, and produce supporting documentation.
  - h. Defendants' partial IRL response did not contain a signed Statement of Certification (enclosed with the IRL) indicating that the response was true and complete.
55. Defendants did not provide EPA with the complete information required to be submitted pursuant to the IRL issued in accordance with CAA Sections 208 and 114, 42 U.S.C. §§ 7542 and 7414, including disclosure of the Dieselology website operated by Defendants.
56. However, Defendants' partial response indicates that they continued to sell Aftermarket Defeat Products in late 2020 and throughout 2021. For example, numerous product descriptions in Defendants' email subject lines include different

types of Aftermarket Defeat Products, including a “2011-2019 Ford 6.7 GDP EZ Lynk DPF DEF EGR Delete Race Kit Lifetime Link” that was dated February 28, 2020, and a “P1 Race Parts 4 Race Pipe DPF Race Pipe for 17-20 6.7L Ford CFAL461 Aluminum” that was dated March 22, 2021. Attached hereto as Exhibit H are representative pages of Defendants’ email box, obtained in the regular course of EPA’s enforcement activities, showing sales of Aftermarket Defeat Products, which I have highlighted in yellow.

#### **Records Obtained from eBay in 2024-2025**

57. On February 12, 2024, the EPA issued an IRL to eBay pursuant to Sections 208 and 114 of the Act, 42 U.S.C. §§ 7542, 7414, inquiring about, among other things, (1) the details of Defendants’ sales on eBay’s online platform and (2) any additional financial and/or contact information for Defendants.
58. On March 8, 2024, eBay responded to the IRL and provided documentation indicating that Defendants were still selling automotive and other products on eBay’s platform. eBay also provided contact information for Defendants, which indicated that Defendants’ eBay account was still using the Oakdale, New York address for their contact information, and using a Bohemia, New York address for their shipping address. A true and correct copy of the eBay record showing Defendants’ seller profile, obtained in the ordinary course of EPA’s enforcement activities, is attached hereto as Exhibit I.
59. On March 6, 2025, the United States served a subpoena on eBay to obtain additional information regarding Defendants’ sales of Aftermarket Defeat Products, specifically seeking Defendants’ full eBay sales data from 2020 (September through year-end) and all of 2021. On April 11, 2025, eBay provided a response including a table of sales data for

the aforementioned time period. A true and correct copy of these files is attached hereto as Exhibit J.<sup>10</sup> Notably, consistent with the Gmail inbox images that Defendants’ produced in partial response to EPA’s IRL, which showed Aftermarket Defeat Product sales during 2021, the subpoenaed eBay sales data shows hundreds of Aftermarket Defeat Product Sales between September 3, 2020 and June 29, 2021. Ex. J (see yellow-highlighted examples of Aftermarket Defeat Product sales).

**Defendants, Through Dieselology.com, Continue to Violate CAA Title II’s Prohibition of the Sale of Defeat Devices**

60. Since my phone call with Ciccarelli on January 26, 2022, EPA became aware of the existence of the website Dieselology.com, through which Defendants are continuing to sell, offer for sale, or cause the sale of aftermarket defeat devices.
61. Dieselology, according to its “about us” page, is a “one-stop-shop for ...diesel performance parts.” Moreover, Dieselology’s ties to Spectrum and Ciccarelli are evident from the website’s accessibility statement, which in relevant part states:

Spectrum Wholesale offers a number of features and services to increase accessibility...[w]hilst Spectrum Wholesale strive [sic] to adhere to the accepted guidelines and standards for accessibility and usability, it is not always possible to do so in all areas of the website... [i]n the meantime should you experience any difficulty in accessing the Spectrum Wholesale website, please don’t hesitate to contact us.<sup>11</sup>

62. Additionally, pleadings in a lawsuit captioned, *The LCF Group, Inc. v. Spectrum Wholesale, Inc. D/B/A Spectrum Wholesale AKA Dieselology and Thomas Ciccarelli*, Index No. 607262/2024 (Supreme Ct., Nassau County), and records obtained by the United States in the instant case through a subpoena issued to the LCF Group, Inc., demonstrate

---

<sup>10</sup> EPA has filtered and sorted the eBay data to include only the relevant information from the submitted files.

<sup>11</sup> Dieselology’s full accessibility statement can be found at: <https://www.dieselology.com/accessibility-statement/> (last accessed on May 7, 2025).

that Dieselology is a d/b/a for Spectrum Wholesale, Inc. and these entities are solely operated by Ciccarelli. A true and accurate copy of the relevant records obtained from the LCF Group are attached here as Exhibit K-1 through K-4.

63. As of May 6, 2025, my personal review of the contents on the Dieselology website indicate that approximately seventeen (17) different types of “delete kit” products, five (5) different types of “tuning” products, and fifty-three (53) different types of “race” products are listed for sale. A true and accurate copy of these listings, as I viewed them on May 6, 2025, which EPA obtained in the regular course of its enforcement activities, is attached hereto as Exhibit L.
64. All seventeen (17) of the “delete kit” products, all five (5) of the tuning products, and forty-five (45) of the “race” product listings mentioned in Paragraph 63, above, contain the following “consumer notification and disclaimer of liability”:

This is a race-only product. It is not legal for sale or use on pollution controlled vehicles that are driven on public streets, roads, or highways. Buyer’s use or installation of this product for itself or for Buyer’s customer is at Buyer’s own risk. The Buyer is responsible for obeying federal, state, and local laws. Only Buyer can determine end customer’s use and thus assumes any and all liability hereby waiving any and all claims against Dieselology in the sale of this product to the maximum extent permissible by law. Make sure to abide by all local, state, and federal laws, including emissions, vehicle safety, and traffic laws. It is Buyer’s responsibility to know what those laws are and how they apply to Buyer or Buyer’s customer. This product is designed and intended solely for legally-organized and sanctioned, closed- course, off-road competition use and is not for use on public streets, roads, or highways. This Product is capable of disabling the emissions system on some vehicles. Use on public streets, roads, or highways is a violation of federal and certain state (including California) and local environmental laws[.]

65. Under the CAA, there is no “race-only” or “competition only” exemption for motor vehicles or motor vehicle engines. If it is an EPA-certified motor vehicle, the CAA prohibits aftermarket parts or services that remove, bypass or override required controls.
66. Additionally, two of the “Delete Kit” product listings offer to “bench flash” the purchaser’s ECM. For example, the Dieselology website offers for sale a “2023-2024 FORD 6.7L POWERSTROKE DPF EGR Delete Kit” for \$2,800, stating that “This is a send-in service, we will provide shipping labels so you can send your ECM over to get bench flashed.” The service lists F250, F350, F450, F550, and F600 models. The purported disclaimer cited in Paragraph 64, above, is included under this product/service on the website (last accessed on May 7, 2025). The “Contents” of this product are listed as (1) “GDP Commander,” (2) “GDP Support Pack,” and (3) “Includes Express Shipping both ways for your ECM.” *See* pages 68 through 72 (of 319) in the above-referenced Ex. L.
67. Bench flashing is a process to transfer tune files to customers and update or modify a motor vehicle’s ECM software and involves removing the ECM from a vehicle, mailing it to someone that can then physically connect to the ECM to install new electronic calibration files/software and return it to the customer for reinstallation on a vehicle. Based on my review of this information and knowledge of illicit defeat devices, the bench flash service offered by these postings most likely involves a modification or tampering with the motor vehicles’ ECM. By tampering with the ECM, engine parameters (*e.g.*, fueling quantity/timing/pulse, boost, diagnostics, torque limits) that affect emission controls can be altered or even disabled (*e.g.*, electronically disabling EGR operation or allowing for straight pipe installation) and result in increased emissions.

68. The Dieselology website offers for sale all three general categories of defeat devices: engine calibration tuners, EGR delete hardware, and aftertreatment delete hardware.
69. An example of a tuner being offered for sale on the Dieselology website for vehicles with General Motors Duramax diesel engines is a “2017-2023 L5P Duramax DPF EGR Tuning Package” for \$1,599.99. *See* pages 306 through 310 (of 319) in the above-referenced Ex. L. A tuner contains tune files (i.e., modified calibrations) and are devices that can be plugged into a vehicle where the tune files will be installed. These devices allow the vehicle operator to turn software modifications on and off. The devices play a critical role when deleting emission controls because tuning is almost always required to remove and/or disable emission control hardware.
70. Another example of a tuner being offered for sale on the Dieselology website is a “Multi-Tune” “DPF EGR Delete Kit GDP Commander,” for 2022 Ford Powerstroke 6.7L model trucks. This tuner kit is listed for \$2,599.99. *See* pages 63 through 67 (of 319) of the above-referenced Ex. L. The listing states that “[y]ou will need an unlocked ECM” and offers “[s]hift on the fly tuning” for “power levels” of “0hp”, “+35hp”, “+70hp”, “+110”, and “+150.” The listing offers additional components including a 2020 – 2022 Ford switch-on-the-fly (“SOTF”) switch for \$99.99, various exhaust hardware components, a “221014 20-21 PASS-THROUGH” EGR kit for \$325.00, and an “Unlocked Motorcraft ECM” for \$1,200.00.
71. An example of EGR delete hardware being offered for sale on the Dieselology website for vehicles with General Motors Duramax diesel engines is a “2007-2010 LMM Duramax Cooler Upgrade Kit w/ Up Pipe EGR Delete GDP421021” for \$341.55. *See* pages 9 through 11 (of 319) in the above-referenced Ex. L. Tampering with the EGR system by

disabling or removing it will directly increase the formation of NO<sub>x</sub> in the vehicle exhaust. The EGR system is often tampered with to decrease operating and maintenance costs associated with system failure, therefore making its removal an attractive tampering option.

72. An example of aftertreatment delete hardware being offered for sale on the Dieselology website for vehicles with General Motors Duramax diesel engines is a “2020-2022 GM 6.6L L5P Duramax 4in or 5in Downpipe Back Race Exhaust” for \$630.00. *See* pages 214 through 217 (of 319) of the above-referenced Ex. L. Race pipes such as the one being advertised are used to completely remove the portion of the exhaust system that contains the emission control devices such as DPFs and DOCs, and replace it with a section of exhaust tubing or aftermarket straight pipe that will result in uncontrolled exhaust emissions.
73. Search results on Dieselology.com show Aftermarket Defeat Products with listing dates indicating that they were posted to the website between 2021 and 2024. *See* page 319 of 319 in the above-referenced Ex. L. As of May 7, 2025, I was able to add to the cart on the Dieselology.com website various “delete” and “race” Aftermarket Defeat Products that are offered for sale. I was also able to proceed to the online checkout page where payment via major credit cards can be made.
74. Defendants continued sales and offerings for sale of Aftermarket Defeat Products through the Dieselology.com website shows that Defendants are in ongoing and continuing violation of CAA § 203(a)(3)(b), 42 U.S.C. § 7522(a)(3)(B).

**Defendants’ Actions Cause Significant and Potentially Irreparable Harm to the Public at Large**

75. By repeatedly ignoring and continuing to ignore EPA’s efforts at enforcement and continuing to disregard the laws and regulations pertaining to the regulation of motor

vehicle and engine emissions and the prohibition of the sale of aftermarket defeat devices, Defendants are putting the health of the public at risk, particularly children, the elderly, and individuals with asthma or respiratory disease. Defendants continue to illegally sell, offer for sale, and/or cause the sale of aftermarket defeat devices, which are designed to remove, bypass, defeat, or render inoperative the elements of design and emissions controls that vehicle and engine manufactures use to meet motor vehicle emission standards.

76. As described above, Defendants have taken steps to conceal their ongoing marketing and sale of aftermarket defeat devices, such as by failing to provide EPA with information concerning their website Dieselology.com.
77. Judicial intervention is now necessary, given Defendants' longstanding disregard for CAA requirements, regulations and EPA enforcement activities, in addition to the ongoing risk of exposing the public across the country to excess of emissions of various harmful pollutants, including but not limited to CO, NO<sub>x</sub>, PM, and NMHCs.

**Defendants' Actions Resulted in an Economic Benefit, But Defendants' Are Likely Experiencing Financial Difficulty That Could Limit Its Ability to Pay a Substantial Civil Penalty**

78. As part of my duties as a CAA Enforcement Officer, I routinely calculate and assess civil penalties for alleged violations of the Act. These civil penalty assessments account for the statutory factors EPA is required to consider in assessing such penalties. The applicable statutory factors for assessing a civil penalty for the illegal sale of defeat devices under Title II of the Act are found in Section 205(b) of the Act: (1) "the gravity of the violation"; (2) "the economic benefit or savings (if any) resulting from the violation"; (3) "the violator's history of compliance with this subchapter"; (4) "action taken to remedy the

violation”; (5) “the effect of the penalty on the violator’s ability to continue in business”; and (6) “such other matters as justice may require.” 42 U.S.C. § 7524(b).

79. Defendants’ illicit sales of 672 known Aftermarket Defeat Products generated an economic benefit for Defendants. Based on EPA’s enforcement practices, I estimated Defendants’ economic benefit—or illicit profits—to be 4 percent of the violative part or component’s sale price. I used the actual eBay sales data EPA received for each of the 672 individual defeat devices that were sold to calculate an economic benefit of \$25,264. This economic benefit increases significantly based on the hundreds of additional defeat device products Defendants sold on eBay from September 3, 2020 through June 29, 2021, which EPA recently became aware of through eBay’s April 11, 2025 response to the subpoena. Further, the \$25,264 economic benefit does not account for sales through Dieselology.com, the extent of which are not known.
80. Pursuant to Section 205(a) of the Act, 42 U.S.C. § 7524(a), as adjusted for inflation under the Federal Civil Penalties Inflation Adjustment Act, EPA may assess a civil penalty of up to \$5,911 per violation, i.e., per defeat device sold. 40 C.F.R. § 19.4. Therefore, based on Defendants’ sale of 672 known defeat devices, I calculated a maximum statutory penalty of \$3,972,192 ( $\$5,911 \times 672$ ). This statutory maximum penalty increases significantly based on the hundreds of additional defeat device products Defendants sold on eBay from September 3, 2020 through June 29, 2021, which EPA recently became aware of through eBay’s April 11, 2025 response to the subpoena, and does not account for an unknown volume of sales through Dieselology.com.
81. In light of Defendants’ refusal to participate in this matter, through the subpoena issued to the LCF Group, Inc., referred to in Paragraph 62, above, EPA reviewed available

information related to Defendants' financial situation. The documents submitted by LCF Group, Inc. include information about a merchant cash advance or merchant loan that LCF Group, Inc. made to Defendants to procure auto parts inventory for sale. Defendants defaulted on the loan which resulted in the lawsuit *The LCF Group, Inc. v. Spectrum Wholesale, Inc. D/B/A Spectrum Wholesale AKA Dieselology and Thomas Ciccarelli*.

82. One document produced by LCF Group, Inc., shows the merchant payment history for Defendants' loan, see Exhibit K-1. It shows Defendants' opening balance of \$145,000, with near-daily payments of \$960.26 being made starting on November 27, 2023, and continuing until January 17, 2024, when Defendants stopped making payments. Defendants' total loan repayments totaled \$33,609.10. This document also shows that between January 18 through April 11, 2024, LCF Group, Inc. assessed a \$35 return fee, a \$2,500 default fee, a second \$2,500 return fee, a \$37,446.64 legal fee, and another \$500 legal fee in connection with Defendants' default. Defendants' resulting "current balance" was \$154,372.54.
83. Another document produced by LCF Group, Inc., titled "Offer Summary – Sales-Based Financing," was signed by Defendant Ciccarelli on November 27, 2023. Exhibit K-2. This document shows that LCF Group, Inc. provided Defendants with a \$100,000 loan (with \$95,570 paid directly to Defendants after unspecified deductions were made). The loan was issued with an estimated annual percentage rate of 156.06%, a finance charge of \$45,000, estimated total repayment of \$145,000, estimated monthly payments of \$20,165.46, and the daily payment amount of \$960.26 due each business day. The daily payment amount was based on LCF Group, Inc.'s estimate of 14.00% of Defendants' total sales, "based upon average monthly sales of \$142,138.00 for the last four months."

84. Another document produced by LCF Group, Inc. is the signed and initialed contract for the loan, dated November 27, 2023, which includes the specific legal terms of the loan described above. Exhibit K-3. The contract uses Defendants' 1395 Lakeland Avenue Unit 14, Bohemia, New York 11716 address.
85. Another document produced by LCF Group, Inc., dated November 27, 2023, is a record of the merchant interview with Defendant Ciccarelli. Exhibit K-4. This record indicates that Defendants' merchant name is "Spectrum Wholesale AKA Dieselology," that Defendants' business is to sell "auto parts," that Defendants' website is "Dieselology.com," that Mr. Ciccarelli owns "100%" of the business, that the business email address is "spectrumwholesaleinc@gmail.com," that the business address is 1395 Lakeland Ave, Bohemia, NY 11716, and that Mr. Ciccarelli's personal address is 70 Cross Road, Oakdale, NY 11769, among other information.
86. With respect to the financing that Defendants obtained through LCF Group, Inc., on March 18, 2025, LCF Group, Inc. prevailed in a lawsuit enforcing an arbitration award of \$154,052.49, plus interest, based on Defendants' default on payments due under their financing agreement. A true and correct copy of the decision in the LFC Group, Inc. matter is attached hereto as Exhibit M.
87. In my experience assessing civil penalties, based on a review of the facts set forth above, it is likely that Defendants may have an inability to pay a large penalty in the range of the statutory maximum penalty calculated pursuant to the Act and 40 C.F.R. 19.4. EPA normally considers a violator's detailed financial information in evaluating their ability to pay a civil penalty. Although Defendants have failed to engage with EPA or the court in

this matter, in my professional opinion, Defendants likely have a limited ability to pay an exceedingly large penalty.

Multiple electronic control modules may be incorporated in a single unit to control various engine, vehicle, or equipment functions. ECM is used in this Information Request as a generic term but may refer specifically to the engine control module when discussing emission controls on vehicles and engines. Examples of ECMs include, but are not limited to, the Engine Control Module, OBD Control Modules, Powertrain Control Module (“PCM”), Transmission Control Module (“TCM”), Body Control Module (“BCM”) and aftertreatment control module.

15. The term “engine tuner” or “tuner” means any device or product capable of accessing, altering, or replacing the software programming, calculations, computer logic, tables of information (e.g., fuel timing maps), coding, or other content or information stored within or used by an ECM.
16. The term “engine tune” or “tune” means any combination of software programming, calculations, computer logic, tables of information (e.g., fuel timing maps), coding, or other content or information, stored in any form, capable of affecting or controlling an ECM.
17. The term “product” includes any software code, software, hardware, program, element of design, calibration, tune, tuner, device, part, or component.
18. The terms “selective catalytic reduction” or “SCR” includes systems that reduce Nitrogen Oxides (“NO<sub>x</sub>”) emissions by chemically converting exhaust gas that contains NO<sub>x</sub> to Nitrogen Gas (“N<sub>2</sub>”) and water through the injection of diesel exhaust fluid.
19. The terms “onboard diagnostics” or “OBD” includes systems that monitor, detect, and report malfunctions of all monitored emission-related parts and elements of design through a network of sensors installed throughout a motor vehicle or motor vehicle engine. If an OBD detects a problem it responds by, among other things, recording a Diagnostic Trouble Code (“DTC”), illuminating a Malfunction Indicator Light (“MIL”) or other warning lamp on the vehicle instrument panel, and/or providing information to the ECM which induces engine derate due to malfunctioning or missing emission-related systems.
20. The terms “exhaust gas recirculation” or “EGR” includes systems that reduce NO<sub>x</sub> emissions by recirculating exhaust gas through the engine, thereby reducing engine temperature and NO<sub>x</sub> emissions.
21. The term “diesel particulate filter” or “DPF” refers to a part or element of design that reduces the level of particulate matter (“PM”) contained in engine exhaust gas.
22. The term “manufacture” includes the creation, design, development, alteration, fabrication, production, or programming of a software code, software, hardware, program, element of design, calibration, engine tune, engine tuner, device, part, or component.
23. The term “engine derate” or “limp-home mode” means an ECM mode that reduces the engine power after the OBD system identifies a problem with an emission-related system.

24. The term “catalysts” means systems or devices which increase the rate of a chemical reaction but are not one of the original reactants or final products, *i.e.*, the catalyst is not consumed or altered in the reaction. The term “catalysts” includes emission control catalysts that are exhaust aftertreatment devices such as diesel oxidation catalysts (“DOCs”) and NOx adsorption catalysts (“NACs”).
25. The term “aftertreatment” refers collectively to emission related parts or elements of design “mounted downstream of the exhaust valve . . . whose design function is to reduce emissions in the engine exhaust before it is exhausted to the environment.” *See* 40 C.F.R. § 1068.30.

**Re: Request for Information Under Section 208(a) of the Clean Air Act, 42 U.S.C. § 7542(a)**

Dear Mr. Ciccarelli:

Under Section 208(a) of the Clean Air Act (CAA), 42 U.S.C. § 7542(a), the Administrator of the U.S. Environmental Protection Agency (EPA) may require any person who is subject to the CAA to provide information necessary to determine whether the person has acted in compliance with the requirements and the regulations promulgated thereunder. The Administrator has delegated this authority through the Regional Administrator for EPA Region 2 to the undersigned Director of the Enforcement and Compliance Assurance Division.

On December 10, 2021, EPA issued a Section 208 Information Request Letter (IRL) to Spectrum Wholesale, Inc. (CAA-02-2022-1851), pursuant to Section 208(a) of the CAA. On January 26, 2022, my staff had a phone conversation with you to confirm whether you had received the IRL. You stated that you had not received the IRL. Following this phone conversation, EPA re-issued the IRL to you. A Return-Receipt green card from the United States Postal Service indicated that the IRL was delivered to the above address on January 31, 2022, however, it did not contain a signature. As of today, EPA has not received a response to the IRL, which was due no later than March 2, 2022. EPA has made numerous further attempts to contact you by phone, to no avail.

This letter is to notify you that you are currently in violation of Section 202(a)(2) of the CAA for your failure to make reports or provide information as required by the IRL and Section 208(a) of the CAA. Failure to provide the requested information may result in a civil action pursuant to Section 205(b) of the CAA, 42 U.S.C. § 7524(b). Failure to provide all requested information in its entirety, and in the format requested, may result in additional inquiries and penalties. Pursuant to Sections 208 and 307 of the CAA, 42 U.S.C. §§ 7542(a)-(b) and 7607(a), EPA may request additional information, inspections, or depositions. It is important that your responses be clear, accurate, organized, and complete. EPA will regard any information that is misleading, false, incomplete, or provided without regard to its accuracy as a violation of the CAA and/or criminal statutes.

Under Section 208(a) of the CAA, you are required to maintain all information, records, or reports in your possession, custody, or control related to the manufacture, sale, offering for sale, or installation by you of any part or component, including any product, that changes, affects, bypasses, defeats, replaces, or renders inoperative any device or element of design related to vehicle or engine emissions, including but not limited to any electronic control module,

## OFFER SUMMARY – Sales-Based Financing

<b>Funding Provided</b>	\$100,000.00	This is how much funding The LCF Group, Inc. will provide. Due to deductions or payments to others, the total funds that will be provided to you directly is \$95,570.00. For more information on the amounts that will be deducted, please review the attached document “Itemization of Amount Financed.”
<b>Estimated Annual Percentage Rate (APR)</b>	156.06%	APR is the estimated cost of your financing expressed as a yearly rate. APR incorporates the amount and timing of the funding you receive, finance charges you pay, and the periodic payments you make. This calculation assumes your estimated average monthly income through your deposit account(s) will be \$142,138.00. Since your actual income may vary from our estimate, your effective APR may also vary. APR is not an interest rate. The cost of this financing is based upon fees charged by LCF rather than interest that accrues over time.
<b>Finance Charge</b>	\$45,000.00	This is the dollar cost of your financing. Your finance charge will not increase if you take longer to pay off what you owe.
<b>Estimated Total Payment Amount</b>	\$145,000.00	This is the total dollar amount of payments we estimate you will make under the contract.
<b>Estimated Monthly Cost</b>	\$20,165.46	Although you do not make payments on a monthly basis, this is our calculation of your average monthly cost based upon the payment amounts disclosed below.
<b>Estimated Payment</b>	\$960.26/ Daily	
<b>Payment Terms</b>	You are scheduled to make payments every business day. We based your preset daily payment of \$960.26 upon our estimate of 14.00% of your total sales, based upon average monthly sales of \$142,138.00 for the last four months. You have the right to receive refunds of all or part of your payments if you demonstrate that your payments have exceeded 14.00% of your total sales during any given month. For more details on your rights, see paragraph 1.4 of your contract.	
<b>Estimated Term</b>	151.00 business days	This is our estimate of how long it will take to collect amounts due to us under the contract based upon the assumption that you will receive \$142,138.00 in monthly sales through your deposit account(s).
<b>Prepayment</b>	If you pay off the financing faster than required, you still must pay all or a portion of the finance charge, up to \$45,000.00 based upon our estimates.	
	If you pay off the financing faster than required, you will not be required to pay additional fees.	
<b>Collateral Requirements</b>	All Assets now owned or hereafter acquired and wherever located, including, but not limited to, the following subcategories of assets: a) Accounts, including, but not limited to, credit card receivables; b) Chattel Paper; c) inventory; d) Equipment; e) Instruments, including, but not limited to, Promissory Notes; f) Investment Property; g) Documents; h) Deposit Accounts; i) Letter of Credit Rights; j) General Intangibles; k) Supporting Obligations; and proceeds and products of the foregoing

**PURCHASE AND SALE OF FUTURE RECEIVABLES:** Seller hereby sells, assigns and transfers to Company (making Company the absolute owner) in consideration of the Purchase Price specified herein, the Purchased Percentage received by Seller from all of Seller's Future Sale Proceeds until the Purchased Amount has been delivered by Seller to Company.

Seller represents that it is engaged in a commercial enterprise and that this transaction shall only be used for commercial or business purposes, in the ordinary course of business, and not for personal, family, or household purposes. Seller hereby irrevocably authorizes the Purchased Amount to be delivered to Company by Seller's Bank and Seller's Bank is, accordingly, authorized to permit Automated Clearing House ("ACH") debits initiated by Company for the Daily Remittance as specified above, or, in the event of reconciliation relating to such Daily Remittance, such other amounts as may be appropriate, the source of which shall be Seller's deposits, revenues and other receipts and that this authorization shall continue until such time as Company receives the Purchased Amount. Seller hereby authorizes Company to Institute ACH Debit transaction(s) and/or "Reverse Wire" transactions for the Daily Remittance or, in the event of reconciliation relating to such Daily Remittance, such other amounts as may be appropriate from the Seller's Bank Account on a daily basis and will provide Seller with any and all required authorizations and/or access codes to effectuate such ACH Debit. Seller further agrees, as more particularly set forth within the TERMS AND CONDITIONS, to provide to Company any and all monthly bank and Merchant Processing statements upon Company's request. Company is not responsible for any overdrafts or rejected transactions that may result from Company ACH debiting the specified amounts due under the terms of this Agreement. Notwithstanding anything to the contrary in this Agreement or any other agreement between Company and Seller, upon the violation of any provision contained within Section 1.12 of the SELLER AGREEMENT TERMS AND CONDITIONS, or the occurrence of an Event of Default under any other provision of the SELLER AGREEMENT TERMS AND CONDITIONS, the specified Purchased Percentage shall be increased to 100% and any undelivered Purchased Amount shall become immediately due in its entirety together with any additional liquidated default and collection fees provided for herein or within the SELLER AGREEMENT TERMS AND CONDITIONS, the SECURITY AGREEMENT, the PERSONAL GUARANTY(S) OF

# SELLER AGREEMENT TERMS AND CONDITIONS

These SELLER AGREEMENT TERMS AND CONDITIONS ("Terms"), which incorporate additional terms to the AGREEMENT FOR PURCHASE AND SALE OF FUTURE RECEIVABLES, the SECURITY AGREEMENT, the PERSONAL GUARANTY(S) OF PERFORMANCE, the POWER OF ATTORNEY and any appendices and addenda hereto and executed in conjunction herewith, (which shall be collectively referred to as the "Agreement") apply to the Agreement and you agree and understand that these SELLER AGREEMENT TERMS AND CONDITIONS apply, regardless of their means of delivery to you. By entering into the Agreement, you indicate that you have read and accept these SELLER AGREEMENT TERMS AND CONDITIONS, including these applicable Additional Terms and agree to abide by and be bound by all such Terms (as modified from time to time). Please note that we may change these Terms from time to time by delivering such updated Terms via the notice provisions contained within these Terms. We draw your attention to the JURY TRIAL WAIVER; COUNTERCLAIM WAIVER; CLASS ACTION WAIVER; CONSENT TO SERVICE and ARBITRATION PROVISION contained in Section IV below.

## 1. TERMS OF ENROLLMENT IN PROGRAM

**1.1. Seller Deposit Agreement.** Seller shall take all necessary measures acceptable to Company, with a bank acceptable to Company, to ensure that Company is able to withdraw the Purchased Percentage through Automated Clearing House ("ACH") debits. Seller shall also, prior to funding and as reasonably requested from time-to-time, provide Company and/or its authorized agent with all of the information, documents, authorizations and passwords necessary for verifying Seller's receivables, receipts and deposits into the account. Seller authorizes Company and/or its agent(s) to deduct the amounts purchased by Company as specified herein from settlement amounts which would otherwise be due to Seller from its revenues and to pay such amounts to Company by permitting Company to withdraw the Purchased Percentage(s) by ACH debiting of the Designated Bank Account. The authorization shall be irrevocable without the written consent of Company.

**1.2. Term of Agreement.** This Agreement shall remain in full force and effect until the earlier of: (i) the entire Purchased Amount and any other amounts due to Company are received by Company as per the terms of this Agreement; or (ii) the Seller shall, **not having had a prior event of default hereunder**, cease business operations in good faith; or (iii) Seller shall, **not having had a prior event of default hereunder**, be adjudicated insolvent pursuant to Title 11 of the United States Code or a State Insolvency Law.

**1.3. Future Purchases.** Company reserves the right to rescind the offer to make any purchase payments hereunder in its sole discretion after which time this Agreement will be cancelled without further cost to either Company or Seller.

**1.4. Reconciliation of Specific Daily Remittance.** The Daily Remittance is intended to represent the Purchased Percentage of Seller's daily Receipts. Once every fifteen (15) calendar days, in good faith, Seller or Company may request a reconciliation of the Daily Remittance to more closely reflect the Seller's actual Receipts multiplied by the Purchased Percentage. Any reconciliation request by Seller must be: (i) in writing; (ii) include a complete copy of all documents required at the time of underwriting in the normal course of business including, but not limited to, a copy of Seller's bank statements and any documents evidencing Seller's revenue for the calendar month at issue; and (iii) be sent to Company via electronic mail at

TrueUp@thelcgroup.com (each a "Reconciliation Request"). Any reconciliation request by Company must be (i) in writing (ii) request a complete copy of all documents required at the time of underwriting in the normal course of business including, but not limited to, a copy of Seller's bank statements and any documents evidencing Seller's revenue for the calendar month at issue and (iii) be sent to Seller via electronic mail at the email address provided by Seller in section 3.3 *infra*. Seller acknowledges and agrees that the documents referenced in clause (ii) above shall be provided to Company within five (5) days of a Reconciliation Request. It is solely the Seller's responsibility to send complete bank statements. Seller agrees to provide Company any reasonable information requested by Company to assist in a Reconciliation Request. Company shall provide a reconciliation within three (3) business days after receiving a Reconciliation Request and all reasonable information requested. The adjusted Daily Remittance will be based on Seller's actual receipts from the 60-day period immediately prior to the date of the Reconciliation Request multiplied by the Purchased Percentage ("Adjusted Daily Remittance"). Following the adjustment of the Daily Remittance, Seller shall remit the Adjusted Daily Remittance until such time as a subsequent reconciliation is requested. It is expressly agreed and understood that a Reconciliation Request will not constitute a basis for suspension of Company's right to deduct the amounts purchased by Company during its pendency and, subject to the Reconciliation Request, any amounts deducted in excess of the Adjusted Daily Remittance shall be credited to Seller's account upon completion of the reconciliation. It is further understood that the mere presentment of a bank statement by Seller, unaccompanied by a written request for reconciliation, shall not give rise to Buyer's obligations under this section 1.4.

Seller and Company acknowledge that the Company has purchased the RTR on a "non-recourse" basis, such that there is no set term wherein Company expects to receive the RTR. The Company recognizes that the time within which the RTR will be recovered may be indefinite or, in the event of a good faith cessation of Seller's business operations, *see* section 1.2 *supra*, not at all.

**CALCULATION OF DAILY REMITTANCE.** Company calculates a dollar amount to be remitted daily by Seller, which amount shall be a good-faith estimate of the Purchased Percentage of Seller's Future Receipts based upon the financial information supplied to Company by Seller (the "Daily Remittance"). Unless modified pursuant to this section 1.4 (the "Initial Daily Remittance").

1.5. Intentionally omitted.

**1.6. Financial Condition.** Seller and Guarantor authorize Company and its agents to investigate their financial history and will provide Company with all financial records as reasonably requested, including, but not limited to, any bank or financial statements, tax returns, merchant processing statements and access to online financial records as Company deems necessary prior to or at any time after execution of this Agreement. A photocopy of this authorization will be deemed acceptable for release of financial information. Company is authorized to update such information and financial profiles from time to time as it deems appropriate.

**1.7. Transactional History.** Seller authorizes their bank(s), financial institution(s), broker(s) and merchant processor(s) to provide Company with Seller's banking or processing history to determine qualification or continuation in this program.

**1.8. Indemnification.** Seller and Guarantor jointly and severally indemnify and hold harmless any ACH processor utilized by Company, its officers, directors and shareholders against all losses, damages, claims, liabilities and expenses (including reasonable attorney's fees) incurred by ACH Processor resulting from: (a) claims asserted by Company for monies owed to Company from Seller; and (b) actions taken by ACH Processor in reliance upon information or instructions provided by Company.

**1.9. No Liability.** In no event will Company be liable for any claims asserted by Seller under any legal theory for lost profits, lost revenues, lost business opportunities, exemplary, punitive, special, incidental, indirect or consequential damages, each of which is waived by Seller and Guarantor.

**1.10. Sale of Receipts.** SELLER IS SELLING A PORTION OF ITS FUTURE RECEIPTS TO COMPANY AT A DISCOUNT, NOT BORROWING MONEY FROM COMPANY. THERE IS NO INTEREST RATE OR PAYMENT SCHEDULE AND NO TIME PERIOD DURING WHICH THE PURCHASE AMOUNT MUST BE COLLECTED BY COMPANY. THE GOOD-FAITH CESSATION OF BUSINESS OPERATIONS, AN EVENT OF INSOLVENCY (INCLUDING, BUT NOT LIMITED TO, FILING FOR PROTECTION UNDER THE UNITED STATES BANKRUPTCY CODE OR A STATE ASSIGNMENT FOR THE BENEFIT OF CREDITORS ACTION) SHALL NOT – IN AND OF ITSELF - BE DEEMED AN EVENT OF DEFAULT HEREUNDER. Company is entering into this Agreement knowing the risks that Seller's business may experience a decrease in revenue or cease operations in good faith and Company assumes these risks based on Seller's representations, warranties and covenants in this Agreement, which are designed to give Company a reasonable and fair opportunity to receive the benefit of its bargain. Seller and Company agree that the Purchase Price under this Agreement is in exchange for the Purchased Amount and that such Purchase Price is not intended to be, nor shall it be, construed as a loan from Company to Seller. Seller agrees that the Purchase Price is in exchange for a percentage of Seller's Future Receipts pursuant to this Agreement and equals the fair market and present value of such Receipts. Company has purchased and shall own all the Receipts described in this Agreement up to the full Purchased Amount as the Receipts are created. Payments made to Company

in respect to the full amount of the Receipts shall be conditioned upon Seller's sale of products and/or services and the payment therefore by Seller's customers in the manner provided in Section 1.1. It is acknowledged that the Seller shall have a fiduciary responsibility for the safekeeping of the Purchased Percentage, whether or not in Seller's immediate possession or control. Seller shall not employ or permit another to employ such Purchased Percentage in any manner except as provided for herein. Provided Seller shall comply with each of its performance obligations hereunder, Seller shall remain in good standing hereunder.

Notwithstanding any recitation set forth herein, including, but not limited to, a recitation of "Annual Percentage Rate" ("APR") mandated by applicable law or regulation, it is expressly agreed and understood by the Company and Seller that in no event shall the aggregate of all amounts be deemed as interest hereunder. The parties acknowledge that it is intended that Seller does not pay or contract to pay, and that Company does not receive or contract to receive, directly or indirectly, in any manner whatsoever, interest. Nevertheless, In the event a court of competent jurisdiction determines, notwithstanding the intent of the parties to the contrary, that Company has charged or received interest hereunder in excess of the highest rate allowed by applicable law, then the Purchased Amount shall be adjusted automatically by operation of this clause, so that the difference between the Purchased Amount and the Purchase Price shall, if expressed as an interest rate over such term of this Agreement as the ruling court has determined to apply, yield a rate equivalent to the maximum rate permitted by applicable law. Company shall, in such case, promptly refund to Seller any amount received by Company in excess of the maximum lawful rate of interest, it being intended that Seller not pay or contract to pay, and that Company not receive or contract to receive, directly or indirectly, in any manner whatsoever, interest in excess of that which may be paid by Seller under applicable law. For the avoidance of doubt, Seller again acknowledges that Seller is selling a portion of Future Receipts to Company at a discount and not borrowing money from Company. As such, there is no interest rate or payment schedule and no time period during which the Purchased Amount must be collected by Company.

**By executing this Agreement, Seller hereby represents and acknowledges that the Initial Daily Remittance, set forth above, accurately represents the Purchased Percentage of Seller's Future Receipts.**

**1.11. Reliance on Terms.** Sections 1.1, 1.8, 1.9 and 2.5 of this Agreement are agreed to for the benefit of Seller, Company and any ACH processor. ACH processors are an intended third-party beneficiary of said provisions and may rely upon their terms for any purpose whatsoever, including, but not limited to, interposing this indemnification as a defense in any legal action.

**1.12. Power of Attorney.** Seller irrevocably appoints Company as its agent and attorney-in-fact with full authority to take any action or execute any instrument or document to settle all obligations due to Company under this Agreement, including, without limitation, (i) to obtain and adjust insurance at Company's expense; (ii) to collect monies due or to become due under or in respect of any of the Collateral; (ii) to receive, endorse and collect any checks, notes, drafts, instruments, documents or chattel paper in connection with clause (i) above; (iii) to cancel, modify,

repudiate or terminate any contractor agreement; (iv) to sign Seller's name on any invoice, bill of lading, or assignment directing customers or account debtors to make payment directly to Company; (v) to file any claims or take any action or institute any proceeding which Company may deem necessary for the collection of any of the undelivered Purchased Amount from the Collateral, or otherwise to enforce its rights with respect to payment of the Purchased Amount; (vi) to obtain information concerning any deposit account(s) maintained by Seller directly from the financial institution(s) maintaining such account(s) including, but not limited to, balances and account numbers; (viii) to direct the payment of the proceeds of any such deposit account(s) to Company or Company's designee or Company's nominee.

Seller, likewise, irrevocably appoints Company as its agent and attorney-in-fact with full authority to take any action or execute any instrument or document to settle all obligations due to Company in the event of a violation by Seller of section 1.13 or the occurrence of an Event of Default under any provision hereof by Seller.

**1.13. EVENTS OF DEFAULT.** The following events shall constitute an event of default and the Company may utilize any and all remedies listed or any other remedy available to it under applicable law or equity, with or without notice, to address such default(s):

(a) Seller takes any action, fails to prevent any action or permits any action which frustrates the Company's use of electronic check, ACH processing or Seller Account "Split" to settle any obligations due pursuant to this Agreement;

(b) Seller takes any action, fails to prevent any action or permits any action which frustrates Company's ability to retrieve its designated percentage of receivables from Seller including, but not limited to, directing its financial institution to dishonor ACH debits originated by Company. It is expressly agreed and understood that should Company receive an ACH return code of R02, R05, R07, R08, R10, R11, or R29, or such other return code that shall replace any of the foregoing as defined at the time of this Agreement, as a result of any ACH debit initiated pursuant to the Agreement, that such return code shall, in and of itself, constitute an event of deliberate default hereunder;

(c) Seller fails to rectify or provide a replacement Designated Bank Account within three (3) business days of Company receiving an R16 ACH return code;

(d) Seller changes the merchant processor through which its sales are settled to another merchant processor, or permits any event to occur that could cause diversion of any of Seller's sales to another Merchant Processor without seven (7) days advance notice to Company;

(e) Seller voluntarily interrupts the operation of its business in bad faith (e.g., other than good-faith business failure, casualty, state of emergency, natural disasters, acts of God or other good-faith basis which Seller has communicated, within forty-eight (48) hours of its occurrence and in writing, to Company), transfers, moves, sells, disposes, transfers or otherwise conveys its business or assets without: (i) the express prior written consent of Company;

and (ii) the written agreement of any purchaser or transferee to the assumption of all of Seller's obligations under this Agreement pursuant to documentation satisfactory to Company unless any such transfer occurs in conjunction with a good-faith filing pursuant to Title 11 of the United States Code;

(f) Seller takes any action, fails to take any action, or offers any incentive - economic or otherwise - the result of which will be to induce any customer(s) to pay for Seller's products and/or services with any means other than payments, checks, or deposits that are settled through the Designated Bank Account(s);

(g) Seller fails to respond to any communications, including electronic mail communications, initiated by Company concerning any dishonor of any ACH debit initiated by Company for a period exceeding 72 hours or 2 business days, whichever is longer;

(h) Seller shall violate any term or covenant in this Agreement;

(i) Any representation or warranty by Seller in this Agreement or in the underwriting of this Agreement shall prove to have been false or misleading in any material respect when made;

(j) Seller shall have a fiduciary obligation to safeguard Company's Purchased Percentage and insure Company's receipt of same in accordance with the terms of this Agreement;

(k) Seller shall, without notice to Company, transport, move, interrupt, suspend, dissolve, or terminate its business without a good-faith basis;

(l) Seller shall use multiple depository accounts without the Company's prior written consent;

(m) Seller shall change the Designated Bank Account without the Company's prior written consent;

(n) Seller shall default under any of the terms, covenants, and conditions of any other agreement with Company;

(o) Seller or Guarantor shall attempt to repudiate any of its obligations hereunder;

(p) Seller shall utilize its business bank or financial account(s) for non-business-related expenses;

(q) Failure of Seller to comply with its obligations pursuant to paragraph 1.20, *infra*; or

(r) Seller shall fail to provide Company with any requested bank or financial statements within three (3) business days of such request by Company.

#### **1.14. Remedies.**

(l) If any Event of Default occurs, Company may utilize, but is not limited to, all remedies set forth within this section 1.14. All rights, powers and remedies of Company in connection with this Agreement may be exercised at any time by Company after the occurrence of an Event of Default, are cumulative and not exclusive, and shall be in addition to any other rights, powers or remedies provided by law or equity, to wit:

(a) proceed to protect and enforce its rights or remedies by Confession of Judgment, Confession of Award or similar process (as permitted by law), or by suit in equity and/or by action at law or by arbitration proceeding, whether for the specific performance of any covenant, agreement or other provision contained herein, injunction, or to enforce the discharge of Seller's obligations hereunder (including the Personal Guarantee) or any other legal or equitable right or remedy in the amount of the Purchase Amount stated in the Agreement together with all fees due under this Agreement and the attached Security Agreement, including, but not limited to, any collection fees, default fees, and costs, and deem such amounts due and payable in full immediately;

(b) immediately liquidate and deem due the full uncollected Purchase Amount plus all fees due under this Agreement, and the attached Security Agreement including, but not limited to, any collection or default fees, and deem such amounts due and payable in full immediately;

(c) enforce the provisions of the Personal Guarantee of Performance against the Guarantor(s). It is expressly agreed and understood that in conjunction with this provision, Company may disclose personal identifying information including, but not limited to, the social security number of any guarantor(s) to third parties with which Company communicates in its exercising of any remedies available to Company;

(d) enforce its security interest in the collateral. It is expressly agreed and understood that in conjunction with this provision, Company may disclose identifying information, including, but not limited to, the FEIN Number or Social Security Number of Seller or any guarantor(s) to third parties with which Company communicates in its exercising of any remedies available to Company;

(e) proceed to protect and enforce its rights and remedies by lawsuit. In any such lawsuit, if Company prevails against Seller, Seller shall be liable for all of Company's associated legal fees, costs, and expenses, including, but not limited to, all reasonable attorney's fees and court costs;

(f) exercise its rights under any assignment of lease without prior notice to Seller. This Agreement shall be deemed Seller's assignment of Seller's lease of Seller's business premises and operations to Company;

(g) debit Seller's depository accounts, wherever situated, by means of ACH debit or facsimile signature on a computer-generated check drawn on Seller's bank account(s) or otherwise for all sums due to Company;

(h) utilize the Power of Attorney accompanying this Agreement to direct the payment of any amounts due to the Company directly from any receivable or deposit account due to the Company;

(i) Seller acknowledges and admits that it has a fiduciary obligation to safeguard and segregate the Future Sales purchased in conjunction with this Agreement. Company shall, therefore, be entitled (in addition to any other remedy to which it may be entitled in law or in equity) to injunctive relief and/or specific performance to enforce such obligations, and if any action should be brought in equity to enforce any of the provisions of this

Agreement, none of the parties hereto shall raise the defense that there is an adequate remedy at law.

As applicable, a Stop Payment Fee shall be assessed for each Designated Bank Account provided by Seller for which an R05, R07, R08, R10, R11, or R29 code is returned;

(c) On the first occurrence of any event of default, for any reason, a default fee of 10% of any outstanding RTR balance or \$2,500.00, whichever is greater, is charged. This is in addition to any other fees set forth within this Agreement.

(d) the foregoing additional remedies contemplated in this subsection (II) are in addition to any other remedies provided for herein and the court costs and collection fees liquidated at the sum of 33.33% set forth within this section 1.14 are in addition to any rights of indemnification that Company may be entitled to within this Agreement.

(e) The parties acknowledge and agree that a breach of this Agreement will damage Company and that by their nature such damage(s) are difficult to ascertain. ## GUARANTY - PERSONAL GUARANTY(S) OF PERFORMANCE

This PERSONAL GUARANTY OF PERFORMANCE is entered into in conjunction with that certain AGREEMENT FOR PURCHASE AND SALE OF FUTURE RECEIVABLES (hereinafter "PSFRA", which together with the SELLER AGREEMENT TERMS AND CONDITIONS, the SECURITY AGREEMENT, the PERSONAL GUARANTY(S) OF PERFORMANCE, the POWER OF ATTORNEY and any appendices and addenda hereto and executed in conjunction herewith, shall be collectively referred to as the "Agreement"), made at the specific insistence and request of Spectrum Wholesale, Inc. DBA Spectrum Wholesale AKA Dieselology ("Seller") on this 27 day of November, 2023 and made within the State of New York, County of Nassau, by and between The LCF Group, Inc., having an office at 3000 Marcus Avenue, Suite 2W15, Lake Success NY 11042 (the "Company"), and Seller, having an office at 1395 Lakeland Avenue Unit 14, Bohemia, New York 11716.

Company is buying the Purchased Amount of Future Receipts knowing the risks that Seller's business may slow down or fail, and Company assumes these risks based on Seller's representations, warranties and covenants in the Agreement which are designed to give Company a reasonable and fair opportunity to receive the benefit of its bargain.

Guarantor(s) represent that they (i) will derive a direct or indirect economic benefit from the Agreement; and (ii) are directly or indirectly involved in the business operations of Seller.

Accordingly, as further consideration under the Agreement, the undersigned Guarantor hereby: (i) reaffirms that this Agreement evidences the purchase and sale of Receivables and does not constitute a loan; and (ii) unconditionally guarantees to Company, Seller's good faith, truthfulness and performance of all of the representations, warranties, covenants made by Seller in the Agreement and as each agreement may be renewed, amended, extended, or otherwise modified (the "Guaranteed Obligations").

Seller and Guarantor acknowledge that this Guaranty is not a personal guaranty of payment, but of performance.

**Scope of Guaranty.** Guarantor's obligations are due at the time of any breach by Seller of any representation, warranty, or covenant made by Seller in the Agreement. In the event Seller fails to perform any of the Guaranteed Obligations, Company may recover from Guarantor(s) for all of Company's losses, damages, and remedies specified in section 1.14 of the Agreement by enforcing its rights under this Guaranty without first seeking to obtain payment from Seller, any other guarantor, or any Collateral, Additional Collateral or Cross- Collateral. Company may hold pursuant to the Agreement or any other agreement or guaranty.

In the event that Company must return any amount paid by Seller or any other guarantor of the Guaranteed Obligations because that person has become subject to a proceeding, including, but not limited to, proceedings under the United States Bankruptcy Code or any state counterpart, Guarantor(s)' obligations under the Agreement and this Guaranty shall include that amount. For the avoidance of doubt, an event of

insolvency (including, but not limited to, filing for protection under the United States Bankruptcy Code or a state assignment for the benefit of creditors action) shall not – in and of itself – be deemed an event of default under the Agreement and/or this Guaranty.

**Guarantor Waivers.** Guarantor hereby expressly waives any requirement that Company notify Guarantor of any of the following events and, as such, Guarantor will not be released from their obligations under the Agreement and this Guaranty if it is not notified of:

- i. Seller's breach of its performance obligations under the Agreement;
- ii. any adverse change in Seller's financial condition or business;
- iii. any sale or other disposition of any collateral securing the Guaranteed Obligations or any other guarantee of the Guaranteed Obligations;
- iv. Company's acceptance of the Agreement; or
- v. any renewal, extension or other modification of the Seller Agreement or Seller's other obligations to Company.

In addition, Company may take any of the following actions without releasing Guarantor from any of its obligations under the Agreement:

- i. renew, extend, or otherwise modify the Agreement or Seller's other obligations to Company;
- ii. release Seller from its obligations to Company;
- iii. sell, release, impair, waive, or otherwise fail to realize upon any collateral securing the Guaranteed Obligations or any other guaranty of the Guaranteed Obligations; and
- iv. foreclose on any collateral securing the Guaranteed Obligations or any other guaranty of the Guaranteed Obligations in a manner that impairs or precludes the right of Guarantor(s) to obtain reimbursement for payment under the Agreement or this Guaranty. Until the Purchased Amount plus any of Seller's other obligations to Company under the Agreement are satisfied, Guarantor(s) shall not seek reimbursement from Seller or any other guarantor for any amounts paid by it under this Agreement or Guaranty. Guarantor(s) permanently waive and shall not seek to exercise any of the following rights that they may have against Seller, any other guarantor, or any collateral provided by Seller or any other guarantor,

for any amounts paid by it, or acts performed by it, under the Agreement or this Guaranty: a) subrogation; b) reimbursement; c) performance; d) indemnification; or e) contribution.

**Guarantor Acknowledgement.** Guarantor(s) acknowledge that they understand the seriousness of the provisions of this Guaranty, including, but not limited to, that the Agreement constitutes a non-recourse purchase and sale of future receivables, and that the Agreement includes a Jury Trial Waiver, a provision providing for the arbitration of disputes, a waiver on class actions, collective and/or representative actions, a Security Agreement and Guaranty(s) of performance of Seller's obligations under the Agreement; and that, prior to entering into the Agreement and this Guaranty, all parties and signatories have had a full opportunity to consult with counsel of their choice in their preferred language or have decided not to avail themselves of that opportunity. The parties to this agreement acknowledge that the Agreement is a result of extensive negotiations between the parties and that the Agreement shall be construed without regard to any presumption or rule requiring construction or interpretation against the party drafting or causing any instrument to be drafted.

**Joint and Several Liability.** The obligations hereunder of the persons or entities constituting Guarantors under this Guaranty are joint and several.

**Jurisdiction and Choice of Law.** This Guaranty and the rights and obligations of the parties hereunder shall be construed in accordance with and governed by the laws of the State of New York. The state courts located in Nassau County, State of New York, and the federal courts within the Eastern District of New York (as applicable) shall have exclusive jurisdiction over all legal proceedings relating to this Guaranty.

**JURY TRIAL WAIVER.** The parties hereto waive trial by jury in any court in any suit, action, or proceeding on any matter arising in connection with or in any way related to the transactions of which the Agreement and/or this Guaranty is a part or the enforcement hereof. The parties hereto acknowledge that each makes this waiver knowingly, willingly, voluntarily, and without duress, and only after extensive consideration of the ramifications of this waiver with their attorneys.

**WAIVER OF COUNTERCLAIMS.** Seller waives the right to interpose any counterclaim in any court in any suit, action, or proceeding on any matter arising in connection with or in any way related to the transactions of which the Agreement and/or this Guaranty is a part or the enforcement hereof. Seller acknowledges that it makes this waiver knowingly, willingly, voluntarily, and without duress, and only after extensive consideration of the ramifications of this waiver with their attorneys.

**CLASS ACTION WAIVER.** The parties hereto waive any right to assert any claims against the other party as a representative or

member in any class, representative, or collective action, except where such waiver is prohibited by law as against public policy. To the extent either party is permitted by law or court of law to proceed with a class, representative, or collective action against the other, the parties hereby agree that: (1) the prevailing party shall not be entitled to recover attorneys' fees or costs associated with pursuing the class or representative action (notwithstanding any other provision in the Agreement); and (2) the party who initiates or participates as a member of the class will not submit a claim or otherwise participate in any recovery secured through the class or representative action. Seller and Guarantor(s) acknowledge that it makes this waiver knowingly, willingly, voluntarily, and without duress, and only after extensive consideration of the ramifications of this waiver with their attorneys.

**THIS SECURITY AGREEMENT** is entered into by and between THE LCF GROUP, INC. ("LCF" or "Company"), having an office at 3000 Marcus Avenue, Suite 2W15, Lake Success NY 11042, and the above-listed Seller(s), having a place of business as listed above, any Guarantor(s) listed above ("Guarantor(s)"), having a place of business as listed above, and any Personal Guarantor(s) ("Personal Guarantor(s)"), having a place of business as listed above (the Seller, any Guarantor(s), and any Personal Guarantor(s) shall be collectively referred to as, "Obligor(s)", and Obligors together with LCF shall collectively be referred to as, the "Parties"), as security for, and to guarantee the performance and observance of, all obligations and agreements of any kind of Obligor(s) to LCF, however evidenced, whether now existing or hereafter arising, whether direct or indirect, joint or several, primary or secondary, liquidated or unliquidated, secured or unsecured, original or renewed or extended, including, without limitation, those which arise under or in connection with any of the agreements now or hereafter in existence (the "Obligations"), the Parties hereto agree that:

1. LCF and Seller have entered into one or more agreements wherein LCF has purchased a certain sum of Future Receipts from Obligor(s). Said agreement(s) may hereafter be supplemented, renewed, modified, and/or augmented by way of further agreements for same, in the event of which the instant agreement shall still be considered in full force and effect (the "Agreement").
2. The Future Receipts sold by Seller to Company pursuant to this Agreement are "accounts" or "payment intangibles" as those terms are defined in the Uniform Commercial Code as in effect in the state in which the Seller is located (the "UCC") and such sale shall constitute and shall be construed and treated for all purposes as a true and complete sale, conveying good title to the Future Receipts free and clear of any liens and encumbrances, from Seller to Company. To the extent the Future Receipts are "accounts" or "payment intangibles" then: (i) the sale of the Future Receipts creates a security interest as defined in the UCC; (ii) this Agreement constitutes a "security agreement" under the UCC; and (iii) Company has all the rights of a secured party under the UCC with respect to such Future Receipts. Seller further agrees that, with or without an Event of Default, Company may notify account debtors, or other persons obligated on the Future Receipts, or holding the Future Receipts, of Seller's sale of the Future Receipts, and may instruct them to make payment or otherwise render performance to or for the benefit of Company.
3. Obligor hereby further grants to LCF a security interest (the "Security Interest") in all of Obligor's shares in the Seller or Guarantor entities, all of Obligor LLC interests in any of the Seller or Guarantor(s) entities, Obligor(s) personal property, tangible and intangible, wherever located, whether now owned or hereafter acquired, including, without limitation, all equipment, inventory, contract rights, franchise agreements, copyrights, patents, trade names, trademarks, fixtures, permits, licenses, accounts receivable, deposit accounts, lease rights, and payments due from credit card and bank card companies or processors, and to the extent not otherwise included, all proceeds and products of the foregoing, in whatever form including, without limitation, all payments under insurance, whether or not LCF is the loss payee thereof, all proceeds of any governmental taking, and any indemnity, warranty, letter of credit (including the right to draw on such letter of credit), or guaranty payable by reason of any default under, loss of, damage to, or otherwise with respect to, any of the foregoing (collectively, the "Collateral").
4. Obligor(s) will perform all lawful acts which LCF deems necessary or desirable to protect the Security Interest or otherwise to carry out the provisions of this Agreement, including, but not limited to, the execution of Uniform

Commercial Code financing, continuation, amendment and termination statements, and similar instruments and the procurement of waivers and disclaimers of interest in the Collateral by the owners of any real estate on which the Collateral is located. Obligor(s) shall furnish LCF, from time to time, upon reasonable request, with financial statements as well as written statements and schedules identifying and describing the Collateral in such detail as LCF may require.

5. Obligor hereby authorizes LCF to file, without the signature of Obligor, one or more UCC-1 Financing and/or Continuation Statements, and amendments thereto, relating to the Collateral. Obligor irrevocably appoints LCF as its authorized representative (coupled with an interest), with full authority in the place and stead of Obligor and in its name or otherwise, from time to time, in LCF's discretion, to take any action or execute any instrument which LCF may deem necessary and advisable to accomplish the purposes of this Agreement, including, without limitation:

- (i) to obtain and adjust insurance, at LCF's expense, required to be paid to LCF hereunder;
- (ii) to collect moneys due and to become due under or in respect of any of the Collateral;
- (iii) to receive, endorse, and collect any checks, drafts, or other instruments, document, or chattel paper in connection with clause (i) or clause (ii) above;
- (iv) to sign Obligor's name on any invoice or bill of lading relating to any account, on drafts against customers, on schedules and assignment of accounts, on notices of assignments, financing statements, and other public records, on verification of accounts and on notices to customers and account debtors (including notices directing customers and account debtors to make payment directly to LCF); and
- (v) to file any claims or take any action or institute any proceeding on behalf of Obligor which LCF may deem necessary or desirable for the collection of any of the Collateral or otherwise to enforce the rights of LCF with respect to any of the Collateral.

If Obligor fails to perform under any agreement contained herein, LCF may itself perform, or cause performance of, such agreement, and the costs and expenses incurred by LCF in connection therewith shall be payable by Obligor and shall be fully secured hereby.

The powers conferred upon LCF hereunder are solely to protect its interest in the Collateral and shall not impose any duty upon LCF to exercise any such powers. LCF shall have no duty to Obligor with respect to the Collateral other than the duty to use reasonable care in the safe custody of any of the Collateral in its possession. Without limiting the generality of the foregoing, LCF, although it may do so at its option, shall be under no obligation to Obligor or any other party to take any steps necessary to preserve rights in the Collateral against other parties or any other rights pertaining to the Collateral, including, without limitation, the performance of Obligor's obligations under any agreement.

Anything herein to the contrary notwithstanding, (i) Obligor shall remain liable under any contracts and agreements relating to the Collateral, to the extent set forth therein, to perform all of its Obligations thereunder to the same extent as if this Security Agreement had not been executed; and (ii) the exercise by LCF of any of its rights pursuant to the Purchase and Sale of Future Receivables Agreement, this Security Agreement, any Guaranty(s) of performance, any Power of Attorney or LCF's obtaining a judgment shall not release any Obligations under this Security Agreement, any other contracts, or agreements relating to the Collateral.

6. The Obligor may not sell, assign, or otherwise transfer any interest in all or a portion of the Collateral, outside of the ordinary course of business, without first obtaining LCF's written consent. Should such consent be given, Obligor agrees to account to LCF for the proceeds of any such sale, to hold such proceeds in trust for LCF, and to pay same to LCF to be applied against the Obligations of Obligor to LCF. Obligor authorizes LCF to track the whereabouts of any Collateral. Obligor represents and warrants that:

- (i) all of the Collateral is and shall continue to be located at the address set forth above. In the event Obligor utilizes multiple locations in the ordinary course of business, Collateral shall continue to be located at said locations;
- (ii) none of the Collateral shall be removed from such location, outside of the ordinary course of business, unless LCF receives written notice of such removal, stating the address to which such Collateral will be removed, at least thirty (30) days prior to such removal;
- (iii) Obligor is the lawful owner of the Collateral free from any adverse lien, security interest, encumbrance, or any other interest whatsoever, and has the sole right to grant a security interest therein and will defend the Collateral against dilution and all claims and demands of all persons;
- (iv) Obligor will keep the Collateral free and clear of all attachments, levies, taxes, liens, security interests, and encumbrances of every kind and nature;
- (v) Obligor will not, outside of the ordinary course of business, sell, exchange, or otherwise dispose of the Collateral or any of LCF's rights therein or permit any lien or security interest to attach to same (except the lien created by this Agreement), without LCF's prior written consent;
- (vi) Obligor shall execute any written Instruments and do any other acts necessary to effectuate more fully the purposes and provisions of this Agreement, including such instruments as LCF may require to perfect LCF's interest therein in any filing office;
- (vii) Obligor will not permit anything to be done that may impair or lessen the value of any of the Collateral or the security interest granted by this Agreement;
- (viii) Obligor will indemnify and hold LCF harmless from all loss, costs, damage, liability or expense, including reasonable attorney's fees, that LCF may sustain or incur to enforce payment, performance or fulfillment of any of the

Obligations secured hereby or In the enforcement of this Agreement and the priority thereof or in the prosecution or defense of any action or proceeding either against LCF or Obligor concerning any matter growing out of or in connection with this Agreement and/or any of the Obligations secured hereby and/or any of the Collateral; and

- (ix) the execution of this Agreement has been duly approved by the undersigned in any manner required by law.
- 7. Obligor shall maintain insurance covering the Collateral with financially sound and reputable insurers, satisfactory to LCF against such risks as are customarily insured by a business in the same or similar industry and similarly situated for an amount not less than the full replacement value of such Collateral. All such insurance policies covering property on and after the date the Collateral becomes subject to the Security Interest shall be written so as to be payable in the event of loss to LCF and shall provide for at least 30 days prior written notice to LCF prior to cancellation or modification of each such policy. LCF is hereby appointed as Obligor's irrevocable authorized representative during the term of this Agreement to settle any claims with insurers in the event of loss or damage, and, upon an Event of Default under this Agreement, to cancel, assign, or surrender any insurance policies.
- 8. The following shall constitute events of default ("Default") under this Agreement and shall be hereinafter referred to as "Default" or "Defaults":
  - (i) Default or breach by Obligor of any Obligation under any agreement between Obligor and LCF;
  - (ii) Obligor's failure to comply with any of the terms of this Security Agreement;

  - (viii) Obligor sells or transfers its business, in whole or in part without prior written consent of LCF.
- 9. Upon any Event of Default, Company may pursue any remedy available at law (including those available under the provisions of the UCC) or in equity to collect, enforce, or satisfy any obligations then owing, whether by acceleration or otherwise, to wit:
  - (i) In the event of a Default, LCF may, in its discretion, deem all of the Obligations of Obligor immediately due and owing without further notice and without legal process, and immediately take possession of the Collateral in furtherance thereof, sell or otherwise dispose of such Collateral or any part thereof, and pursue any and all further rights and remedies it may have under the law including, without limitation, the rights of a secured party under New York law and/or the Uniform Commercial Code. Obligor shall pay all expenses and reimburse LCF for all expenditures, including reasonable attorneys' fees, collection fees, and legal expenses, in connection with LCF's exercise of any of its rights and remedies under this Agreement;
  - (ii) In the event any consent, approval, or authorization of any governmental agency shall be necessary to effectuate any such sale or sales of the Collateral by LCF, Obligor shall execute such instruments as may be required to obtain such consent, approval, or authorization. 10. Obligor shall be liable for, and Company may charge and collect all costs and expenses, including, but not limited to, attorney's fees provided for within this Agreement, which may be incurred by Company in protecting, preserving, and enforcing Company's security interest and rights.
11. Obligor(s) each agree not to create, incur, assume, or permit to exist, directly or indirectly, any lien on or with respect to any of the Collateral, the Additional Collateral, or the Cross-Collateral, as applicable without prior written consent of LCF and further represent that their execution of and/or performance contemplated under this Agreement will not cause or create an event of default by Obligor(s) under any contract with another person or entity.
12. Company shall have the right to cure Obligor's default in the payment of rent on the following terms. In the event Obligor is served with papers in an action against Obligor for nonpayment of rent or for summary eviction, Company may execute its rights and remedies hereunder and, to the extent permissible by law, deem this document to act as an Assignment of Lease from Obligor to LCF. Obligor also agrees that Company may enter into an agreement with Obligor's landlord giving Company the right: (a) to enter Obligor's premises and take possession of the furnishings, fixtures, and equipment therein for the purpose of protecting and preserving same; and (b) to assign Obligor's lease to another qualified operator capable of operating a business comparable to Obligor's at such premises.
13. In the event Obligor shall have defaulted upon its obligations under the Agreement prior to a bankruptcy filing under Chapters 7, 11, or 13 of the Federal Bankruptcy Code, in consideration of the advances made by LCF to Obligor under the Purchase and Sale of Future Receivables Agreement and other good and valuable consideration, Obligor hereby consents to modification of the automatic stay set forth in 11 U.S.C. §362 to allow LCF to immediately take possession of the Collateral, sell same, and apply the sale proceeds to the payment of the Obligations. Obligor understands that LCF is making such advances in reliance upon Obligor's agreement to such modification of the automatic stay.
14. In the event Obligor shall have defaulted upon its obligations under the Agreement prior to a bankruptcy filing under Chapters 7, 11, or 13 of the Federal Bankruptcy Code, in consideration of the advances made by LCF to Obligor under the Purchase and Sale of Future Receivables Agreement and other good and valuable consideration, Obligor shall reimburse LCF for all of LCF's reasonable cost and expenses (including, without limitation, reasonable legal fees and expenses including, but not limited to, any liquidated legal fees provided for within the Agreement) in connection with or arising out of this Agreement or any Default, enforcement or collection proceeding resulting therefrom, including, without limitation, all manner of participation in: (a) bankruptcy, insolvency, receivership, foreclosure, winding up, or liquidation proceedings of the Obligor, (b) judicial or regulatory proceedings in connection with the collection of the Obligations, and (c) workout, restructuring, and other negotiations or proceedings (whether or not any transaction contemplated thereby is consummated) in connection with

the collection of the Obligations.

15. To the extent permitted by law, Obligor hereby waives demand for payment, notice of dishonor or protest, and all other notices of any kind in connection with the Obligations except notices required hereby, by law or by any other agreement between Obligor and LCF. LCF may release, exchange, or modify any Collateral or security which It may from time to time hold and may release, surrender, or modify the liability of any third party without giving notice hereunder to Obligor. Such modifications, changes, renewals, releases, or other actions shall in no way affect any of the Obligations or Obligor's other obligations hereunder.
16. Obligor will pay, indemnify, and hold harmless LCF from and against all costs and expenses (including taxes, if any) arising out of or incurred in connection with any transfer of Collateral into or out of the name of LCF.
17. Obligor(s) each agree to execute any documents or take any action in connection with this Agreement as LCF deems necessary to perfect or maintain LCF's priority security interest in the Collateral, together with any Additional Collateral and Cross-Collateral as the case may be, including the execution of any account control agreements. Seller and Guarantor each hereby authorize Company to file any financing statements deemed necessary by Company to perfect or maintain Company's security interest, which financing statement may contain notification that Seller and Guarantor have granted a negative pledge to Company with respect to the Collateral, the Additional Collateral and the Cross-Collateral, and that any subsequent lien or may be tortiously interfering with Company's rights.

\*\*\*If you are purchasing an exhaust kit and live in Alaska or Hawaii please purchase this shipping here\*\*\*

4" and 5" Turbo Back -Back DPF & CAT delete exhaust system. Exhaust shown is a 1994-1997 Ford

**Vehicle fitment** – 1994, 1995, 1996, & 1997 Ford 7.3L Powerstroke. Crew cab short bed & crew cab long bed, & Extended cab. **This will not fit the Cab & Chassis commercial style truck.**

**Exhaust Material** –Available in aluminized steel or T-409 stainless steel. Aluminized steel is our most popular but will eventually accumulate surface rust. T-409 stainless steel. Unlike T-304 Stainless its still magnetic. So if your testing to see if you actually got stainless; beware that a magnet will still stick to it. We suggest the stainless upgrade if you regularly operate your truck on salted winter roads. Use drop down menu to make desired selection.

**Installation** – Install takes approx. 1hr with basic hand tools done on the ground of your driveway or garage. Quicker if you have automotive style lift. Cutting may be be required to fit shorter wheelbase bed/cab configurations. Clamps, hangers and hardware are included. You may have to re-use some factory hardware.

**Fuel Mileage** – Expect to see a significant increase in fuel mileage. If your DPF is plugged up your probably averaging about 13-14 mpg. More or less depending on the severity of the restriction. After deleting the DPF/CAT expect to get a combined mileage of 18-19 mpg. Larger tires and poor driving habits will skew mileage downward.

**Tuner Required** – Removal of the DPF, CAT, SCR, and/or DOC involves removing and eliminating emission related sensors. A DPF delete capable tuner is required to prevent any check engine light or diagnostic trouble codes from setting. If you don't already have a DPF delete capable tuner

we recommend the [Ez lynk here](#).

**If you need multiple exhausts add them to cart separately**

\*We carry stainless and aluminized, stainless ships faster. If for some reason aluminized is 2 or more weeks out we have stainless in stock and we will email you if you would like to upgrade and receive it faster.\*

We suggest the stainless upgrade if you regularly operate your truck on salted winter roads. Use drop down menu to make desired selection.

**Installation** – Install takes approx. 1hr with basic hand tools done on the ground of your driveway or garage. Quicker if you have automotive style lift. Cutting may be be required to fit shorter wheelbase bed/cab configurations. Clamps, hangers and hardware are included. You may have to re-use some factory hardware.

**Fuel Mileage** – Expect to see a significant increase in fuel mileage. If your DPF is plugged up your probably averaging about 13-14 mpg. More or less depending on the severity of the restriction. After deleting the DPF/CAT expect to get a combined mileage of 18-19 mpg. Larger tires and poor driving habits will skew mileage downward.

**Tuner Required** – Removal of the DPF, CAT, SCR, and/or DOC involves removing and eliminating emission related sensors. A DPF delete capable tuner is required to prevent any check engine light or diagnostic trouble codes from setting. If you don't already have a DPF delete capable tuner we recommend the [Ez lynk here](#).

4" and 5" Turbo Back -Back DPF & CAT delete exhaust system. Exhaust shown is a 2013-2018 Ram.

**Vehicle fitment** – 2013, 2014, 2015, 2016, 2017, & 2018 Dodge Ram 2500/3500 Cummins 6.7 Diesel. Regular cab short and long bed, Crew cab short and long bed & mega cab. **This will not fit the Cab & Chassis commercial style truck. 5" Will not fit trucks with air-ride suspension, clearance is tight.**

**Exhaust Material** – Available in aluminized steel or T-409 stainless steel. Aluminized steel is our most popular but will eventually accumulate surface rust. T-409 stainless steel. Unlike T-304 Stainless its still magnetic. So if your testing to see if you actually got stainless; beware that a magnet will still stick to it. We suggest the stainless upgrade if you regularly operate your truck on salted winter roads. Use drop down menu to make desired selection.

**Installation** – Install takes approx. 1hr with basic hand tools done on the ground of your driveway or garage. Quicker if you have automotive style lift. Cutting may be required to fit shorter wheelbase bed/cab configurations. Clamps, hangers and hardware are included. You may have to re-use some factory hardware.

**Fuel Mileage** – Expect to see a significant increase in fuel mileage. If your DPF is plugged up your probably averaging about 13-14 mpg. More or less depending on the severity of the restriction. After deleting the DPF/CAT expect to get a combined mileage of 18-19 mpg. Larger tires and poor driving habits will skew mileage downward.

**Tuner Required** – Removal of the DPF, CAT, SCR, and/or DOC involves removing and eliminating emission related sensors. A DPF delete capable tuner is required to prevent any check engine light or diagnostic trouble codes from setting. If you don't already have a DPF delete capable tuner

**Vehicle fitment** – 2017, 2018 & 2019 Chevy / GMC Duramax Diesel L5P. Silverado and Sierra pickup trucks. Crew cab short bed & crew cab long bed. **This will not fit the 3500/4500/5500 Cab & Chassis commercial style truck.**

**Exhaust Material** – Available in aluminized steel or T-409 stainless steel. Aluminized steel is our most popular but will eventually accumulate surface rust. T-409 stainless steel. Unlike T-304 Stainless its still magnetic. So if your testing to see if you actually got stainless; beware that a magnet will still stick to it. We suggest the stainless upgrade if you regularly operate your truck on salted winter roads. Use drop down menu to make desired selection.

**Installation** – Install takes approx. 1hr with basic hand tools done on the ground of your driveway or garage. Quicker if you have automotive style lift. Cutting may be be required to fit shorter wheelbase bed/cab configurations. Clamps, hangers and hardware are included. You may have to re-use some factory hardware.

**Fuel Mileage** – Expect to see a significant increase in fuel mileage. If your DPF is plugged up your probably averaging about 13-14 mpg. More or less depending on the severity of the restriction. After deleting the DPF/CAT expect to get a combined mileage of 18-19 mpg. Larger tires and poor driving habits will skew mileage downward.

**Tuner Required** – Removal of the DPF, CAT, SCR, and/or DOC involves removing and eliminating emission related sensors. A DPF delete capable tuner is required to prevent any check engine light or diagnostic trouble codes from setting. If you don't already have a DPF delete capable tuner we recommend [Our Kit](#)

4" and 5" Downpipe-Back DPF & CAT delete exhaust system.

**Vehicle fitment** – 2015.6 & 2016 Chevy / GMC Duramax Diesel LML. Silverado and Sierra pickup trucks. Fits extended cab, crew cab & regular cab trucks. **This will not fit the 3500/4500/5500 Cab & Chassis commercial style truck.**

**2015 or 2015.5?** – 2015 is a split year. The 2011-2015 downpipe is secured to the turbo-direct pipe using a V-band style clamp. The 2015.5-2016 uses a 3 bolt flange style connection. **>>>Be sure to visually verify the clamp style your truck is equipped with.<<<**

**Exhaust Material** – Available in aluminized steel or T-409 stainless steel. Aluminized steel is our most popular but will eventually accumulate surface rust. T-409 stainless steel. Unlike T-304 Stainless its still magnetic. So if your testing to see if you actually got stainless; beware that a magnet will still stick to it. We suggest the stainless upgrade if you regularly operate your truck on salted winter roads. Use drop down menu to make desired selection.

**Installation** – Install takes approx. 1hr with basic hand tools done on the ground of your driveway or garage. Quicker if you have automotive style lift. Cutting may be required to fit shorter wheelbase bed/cab configurations. Clamps, hangers and hardware are included. You may have to re-use some factory hardware.

**Fuel Mileage** – Expect to see a significant increase in fuel mileage. If your DPF is plugged up your probably averaging about 13-14 mpg. More or less depending on the severity of the restriction. After deleting the DPF/CAT expect to get a combined mileage of 18-19 mpg. Larger tires and poor driving habits will skew mileage downward.

**Tuner Required** – Removal of the DPF, CAT, SCR, and/or DOC involves removing and eliminating emission related sensors. A DPF delete capable tuner is required to prevent any check engine light or diagnostic trouble codes from setting. If you don't already have a DPF delete capable tuner we recommend the [Ez Lynk Here](#)

The petitioner moves this Court for an order confirming the arbitration award annexed to the petition pursuant to CPLR §7510 and directing judgment to be entered pursuant to CPLR§7514. The respondents oppose the petition and cross-moves for an order vacating the petitioner's award pursuant to CPLR §§7511(b)(1)(iv) and (b)(2)(i), declaring that the underlying contracts are void for violation of Penal Law §190.40, vacating the petitioner's arbitration award for lack of proof of actual mutual assent to the arbitration clause and guaranty, and awarding attorney's fees and damages pursuant to RICO 18 U.S.C. 1962 on the grounds that the petitioner is an allegedly criminal enterprise engaged in the act of usury causing damage to the respondents.

The petitioners oppose the cross-motion and submit a reply to the respondents' opposition. The respondents submit a reply.

### Background

The Verified Petition alleges the following facts: the parties entered into an agreement on November 27, 2023 ("Agreement") whereby the petitioner agreed to purchase respondent Spectrum Wholesale, Inc. d/b/a Spectrum Wholesale a/k/a Dieselology's ("Spectrum") future receivables having a value of 145,000.00 for the sum of \$100,000.00. The Agreement was guaranteed by respondent Thomas Ciccarelli ("Ciccarelli"). The petitioner performed its duties under the Agreement by remitting the \$100,000.00. Spectrum initially made the required payments pursuant to the terms of the Agreement. However, Spectrum stopped making payments as of January 19, 2024 and, as so, was in default.

Section VI of the Agreement provides in pertinent part that "any dispute, claim or controversy arising out of or relating to this agreement, the security agreement or the guaranty(s) herein, or the breach of any of the said agreement, security agreement or the guaranty(s), shall be, at the election of either party, settled by arbitration administered by Mediation and Civil Arbitration, Inc. (www.mcarbitration.org) in accordance with its Arbitration Rules & Procedures effective at the time of the claim is made, and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof." As a result of the respondents alleged default, the petitioner filed a Demand for Arbitration and Arbitration Statement, which were served on the respondents along with a copy of Mediation & Civil Arbitration, Inc.'s Commercial Arbitration Rules. The respondents were also notified they had seven days to interpose a response. The final arbitration award was issued in favor of the petitioner on April 11, 2024. The petition seeks to have the arbitration award in the amount of \$154,052.49, plus an award of interest from the April 11, 2024, all of Petitioner's costs of confirming the arbitration award.

### Applicable Law

"It is well settled that a court may vacate an arbitration award only if it violates a strong public policy, is irrational, or clearly exceeds a specifically enumerated limitation on the arbitrator's power. Even where an arbitrator has made an error of law or fact, courts generally may not disturb the arbitrator's decision." (*Matter of Falzone v. New York Cent. Mut. Fire Ins. Co.*, 15 N.Y.3d 530, 534). "In furtherance of the laudable purposes served by permitting consenting parties to submit controversies to arbitration, the law has adopted a policy of noninterference, with few exceptions, in this mode of dispute resolution." (*Sprinzen v. Nomberg*, 46 N.Y.2d 623, 629). "In reviewing an arbitrator's award, a court will not set it aside for errors of law or fact unless the award is so irrational as to require vacatur." (*Panton v. Allstate Ins. Co.*, 173 A.D.2d 831, 831).

"New York courts have long recognized that parties to an arbitration agreement may prescribe a method of service different from that set forth in the CPLR. Indeed, the parties may agree to other methods for service, either by stipulating the manner in the arbitration clause or,

more generally, by adopting the arbitration rules of an arbitration agency. Where . . . parties agree to the manner in which a demand for arbitration can be served, they do not have to comply with the service requirements established by CPLR 7503(c). Where parties to an arbitration agreement have consented to an alternative method of service, the method of service by which parties have agreed to be bound must be complied with according to the exact terms thereof in order that the requirements of due process be satisfied.” (*Matter of New Brunswick Theol. Seminary v. Van Dyke*, 184 A.D.3d 176, 180).

### Discussion

The respondents in opposition to the Verified Petition and in support of their cross motion argue that the petitioner is a usurious lending enterprise that utilizes rapidruling.com, which is allegedly an “arbitration judgment mill” that “engages in a practice of falsely claiming jurisdiction over parties who do not agree and/or refuse to engage in their arbitration platform, refuses to allow parties to engage in any sort of discovery, does not permit hearings or oral arguments and otherwise sets deadlines and rules which contradict the statutory rights of a party engaged in arbitration through a ‘take it or leave it’ digital platform, with no human contact for the [r]espondents throughout.” In particular, the respondents allege that the arbitrators at rapidruling.com are biased in that the parties are “not entitled to interview witnesses, conduct discovery, cross examine opposing parties’ witnesses or otherwise, unless the controversy exceeds one million dollars.” When the respondents allegedly notified rapidruling.com that they did not consent to it handling the arbitration, rapidruling.com issued the arbitration award on default. In addition, the respondents claim that they were not properly served with notice of the arbitration and that the notice was deficient.

Here, the Court is not persuaded by the respondents’ arguments that rapidruling.com, the arbitration entity used by the petitioner, is biased. As an initial matter, while the respondents contend that the notice was improperly served and deficient, they nevertheless concede having received the notice. Moreover, as argued by the petitioner in opposition, the respondents were served in accordance with the terms of the Agreement as well as pursuant rapidruling.com’s Commercial Arbitration Rules. (*Id.*). In any event, the respondents’ claim that rapidruling.com is biased is unsubstantiated. Although the respondents may not have agreed with rapidruling.com serving as the arbitrator, they nevertheless opted not to submit any statements regarding service or arguments in opposition to the petitioner’s contentions. As such, the respondents’ contentions are conclusory and the respondents’ have failed to demonstrate that the arbitrator’s arbitration award granted on default is so irrational as to require vacatur. (*Panton*, 173 A.D.2d at 831).

The Court has considered the remaining contentions of the parties and finds that they do not require discussion or alter the determination herein.

In light of the foregoing, it is hereby

ORDERED, that the petitioner’s petition (Motion Sequence 001) for an order confirming the arbitration award and directing judgment to be entered is granted, and it is further

ORDERED, that the respondents' cross-motion (Motion Sequence 002) for an order vacating the arbitration award is denied, and it is further

ORDERED, that the petitioner is hereby directed to settle judgment on notice. A copy of this order with notice of entry shall accompany the proposed judgment

This hereby constitutes the decision and order of this Court.
